Chairman's Message

Dear Shareholder

I am pleased to extend a warm welcome to all of you on behalf of the Board to the 38th Annual General Meeting of your Company and present on behalf of my fellow directors the Annual Report and the Audited Financial Statements of the Company for the financial year ended 25th December 2025.

Union Chemical performed well in difficult geopolitical, regulatory, conflicts and economic conditions in the 2025 business year. The chemical industry is facing major challenges worldwide as never before.

The Union Chemical Lanka PLC annual report shows how we as a company create value for our stakeholders and how sustainability contributes to Company's long-term success as an integral part of our corporate purpose and our strategy. The annual report combines the major financial and sustainability-related information necessary to comprehensively evaluate the Company's performance. We select the report's topics based on the principles of completeness, balance, stakeholder inclusion and sustainability.

Our aim is to optimize our cost of capital, limit financial risks and ensure solvency at all times. We develop innovative and more sustainable solutions to our customers in order to enter new markets and further increase productivity.

In 2025, the Sri Lankan economy continued to build on the recovery achieved in previous years, underpinned by sustained macroeconomic stabilisation and the continued implementation of policy and structural reforms. Notwithstanding heightened global uncertainties, especially related to trade and geopolitical developments, as well as the impact of adverse weather conditions and devastating natural disasters towards late 2025, domestic economic activity remained resilient.

Economic activity remained robust in 2025, with real GDP growth estimated at 5%, marking the second consecutive year of expansion. Labour market conditions improved alongside the recovery, and inflation turned positive from August 2025 following a period of deflation, largely driven by easing energy-related price declines and higher food prices, with demand remaining firm. Lower interest rates, reflecting relaxed monetary conditions, led to a notable expansion in credit to the private sector. The removal of restrictions on vehicle imports contributed to higher imports and credit demand during the year.

Despite the uncertainties faced during the year past, your Company continued to progress via commitment and perseverance, as always. The year 2025 had a significant impact on our business as the markets and customer requirements fluctuated continuously. Geopolitical conflicts with weak economic growth, high energy costs, natural disasters and interest rates continue to hinder the competitiveness of local industries. Our company responded to these challenges and devised an effective business plan to ensure that our company will come out from these difficult times, as we have always done during our 38 years of existence.

Economy

Sri Lanka's economy expanded by 4.8% year-on-year in the fourth quarter of 2025, easing from a 5.4% expansion in the previous quarter. The slowdown was reflected across all three major sectors of the economy, with agricultural activities slowing the most 2.1% Q3 2025. Industrial production also slowed by 7.3%, despite recording strong performances for construction of 8%. Services activities growth eased by 3.1%, supported by increases in wholesale and trade of 1.3%, transports of 1.2%, real estate activities of 2.7% and financial services of 9.7%. Considering the full year, Sri Lanka's GDP expanded by 5% while still recovering from its financial crisis. The economy is heavily reliant on fuel imports, making it exposed to fluctuations in global energy prices, which have risen since the onset of the Middle East conflict striking in late 2025.

Cyclone Ditwah was one of the most destructive natural disasters to strike Sri Lanka in recent decades. Striking in late 2025, the storm triggered catastrophic, island-wide flooding and landslides. It claimed hundreds of lives, affected over 2 million people, and caused an estimated US\$4.1 billion in direct physical damages.

Company Performance

Union Chemicals supplies products to approximately 600 customers in the industry sector in almost all the provinces of the country. In the year under review, our manufactured products aimed at the Adhesives and Coatings sector were unable to maintain the volumes of sales at the anticipated levels.

Similarly, trading business in chemicals and plastic ingredients was below than expected. Record earnings from finance and other income partly offset the below par results from our business operations.

The Company's performance is analyzed in detail in the Management Discussion and Analysis on page 4. The revenue of the Company decreased marginally by 4% to Rs.1.59 billion compared to last year. The figures show that our cost base was managed effectively during the year to minimize the overheads. Our inventory levels and receivables were also maintained low, which enabled us to achieve a positive free cash flow of Rs. 230.32 Mn (2024 - Rs. 252.9 Mn.).

Future Outlook

Sri Lanka's 2026 economic outlook shows a moderation in growth to 3.1% - 4.0%, normalizing after robust 2025 recovery, with inflation expected to rise slightly above 5% due to higher energy prices. While foreign reserves and debt restructuring improve stability, risks include external shocks, tax-driven demand constraints, and the need for structural reforms to sustain growth.

While acknowledging that higher energy prices and electricity tariff will have an impact on the consumer market, we are confident in our ability to overcome them through focused strategies and unwavering determination to emerge stronger in the coming years. We are focusing on research and innovation to enhance our product portfolio with new and improved coating ingredients. We also plan

Chairman's Message (Contd.)

to maintain a well-recognized management system to produce high quality products in an environmentally friendly manner.

Global economic development in 2026 will be determined by changes in trade policy conditions and ongoing geopolitical uncertainty.

We are expecting on an average oil price of \$65 for a barrel of Brent crude and an exchange rate to be less than Rs. 325. per USD,

Dividends

To demonstrate our commitment to our shareholders, we are proposing a final dividend of 44/- per share at the Annual General Meeting. This will be on top of Rs. 38/ per share that was paid as interim dividend in November 2025. The total dividend payment for the year under review will be Rs. 123.0 Mn.

Directors

We were saddened by the death of Mr. R De Zilwa in May 2026 who served the board for nearly sixteen years and retired on 31st December 2024.

Acknowledgment

I thank my fellow Directors on the Board for their excellent advice and support during the year.

I wish to express my gratitude to the Managing Director for his visionary leadership and astute management skills that helped the company to remain afloat at a steady pace and the hardworking women and men of Union Chemicals Lanka PLC for their extraordinary efforts and commitment during a difficult and challenging year.

I would like to express my thanks to all our stakeholders, including our suppliers, particularly Dow Chemicals, our valued customers, state institutions and banks and most importantly our shareholders. Your continued support and trust in our capabilities have provided immense strength to us to overcome the challenges during the difficult period.

We are confident in our ability to cope with the challenges ahead and become a leading polymer manufacturing company for the coating industry in the country.

(Sdg).

Mr. Kosala M. Dissanayake

Chairman

18th May 2026

Management Discussion and Analysis

Union Chemical Lanka PLC manufactures and trades waterborne polymers, adhesives, coatings and industrial chemicals to deliver excellent performance.

The key factors influencing our business are global and regional economic conditions, oil and gas exploration, shipping freight charges, currency fluctuations, and international and local regulation on chemical manufacturing.

As the company’s operations involve providing a range of products to a broad spectrum of customers, mainly in the western province, no one factor determines the company’s financial condition or the profitability of the Company’s operations.

Sri Lanka’s economy is currently experiencing a phase of strong growth, driven by an increase in domestic consumption and a pickup in business and infrastructure spending. Furthermore, the all-important tourism industry is witnessing a boom as the island nation attracts visitors from all over the world with its numerous tourist attractions.

Gross domestic product (GDP) growth in the first quarter of 2025 was healthy at +4.8 percent, while GDP growth in 2024 came in at a robust +5.0 percent, both well ahead of expectations. Despite consumer and business confidence as well as investor sentiment being healthy, it has not been smooth sailing for Sri Lanka until very recently.

Despite continuing geopolitical tensions and policy uncertainty throughout 2025, the global economy showed resilient but subdued growth of around 2.7-3.2%, defying early pessimism. Growth was hampered by the need to navigate significant geopolitical tensions and climate risks. Although the global economy demonstrated more resilience than expected following post-pandemic recovery, this also masked a significant difference in performance between advanced and developing economies. While growth was better than anticipated, underlying fragilities and downside risks remained, even increased.

BUSINESS STRATEGY

Operating in a rapidly evolving industry within a volatile global economy, Union Chemicals Lanka PLC consistently strives to remain resilient and adopt a sustainable approach to growth. While our business offers remains sensitive to external market dynamics, supply chain and exchange rate issues, we reinforce our focus on technological edge, expertise and exceptional work ethics. Our business strategy stems from data driven insights and a visionary approach that takes long-term growth into consideration.

Union Chemicals Lanka PLC has maintained its commitment to operational excellence and innovation. The company has continued to experiment with new mining and processing methods to enhance productivity and efficiency whilst focusing on employee safety.

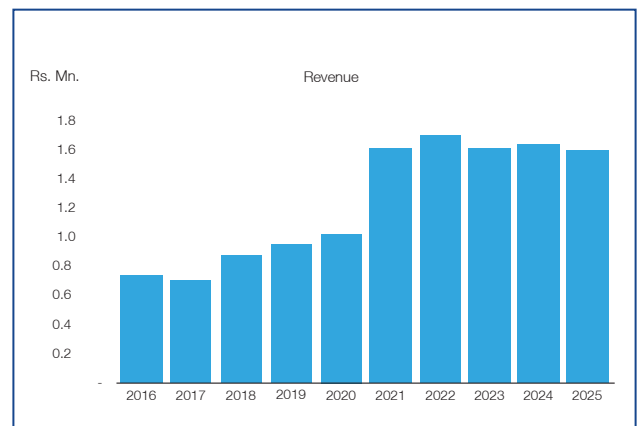

Union Chemicals’ business was nevertheless robust: Sales increased significantly, while profit before tax was Rs. 392.6 within the forecast range at 11.33 %. ROCE was higher of 6.8% to the prior-year figure.

FINANCIAL PERFORMANCE

Revenue

Rs. 1,591.5 Mn.

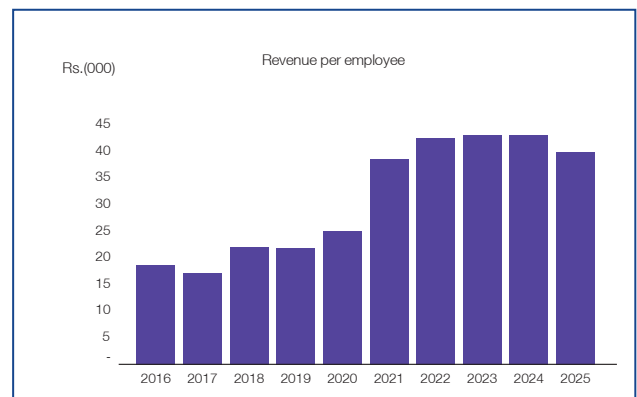

2024 – Rs. 1,650.2 Mn.

The revenue of the Company decreased by 4% to Rs. 1,591.5 Mn. from Rs. 1,650.2 Mn. The revenue from latex segment decreased by 2% and chemicals & plastic segment decreased only by 11% comparative to last year.

Company revenue includes the company's core activity of manufacturing latex products and trading chemical & plastic. The major revenue contributor for the company has become manufacturing latex was 83.2% of the total revenue compared to 81.8% recorded last year.

Revenue of adhesive and paint decreased by 1% comparative to last year. Adhesive and paint revenue reported 97% from total revenue of latex segment. Revenue of C&P decreased by 11% comparative to last year.

Management Discussion and Analysis (Contd.)

Our employees make a significant contribution to Union Chemical's success. We want to attract and retain talented people for our company and support them in their development. To do so, we cultivate a working environment that inspires and connects people. It is founded on inclusive leadership based on mutual trust, respect and dedication to excellent performance.

Gross Profit

Rs. 451.3 Mn.

2024 - Rs. 432.7 Mn.

The gross profit of the Company increased by 4% to Rs. 451.3 Mn. against Rs. 432.7 Mn. in 2024. Cost of sale decrease by 6% to Rs.1,140.2 Mn. against Rs. 1217.5 Mn. in 2024. Was the main contributed factor to increase the gross profit margin in the year under review. Latex segment maintained 10% decrease in CIF prices in term of USD per Kg in key raw material of Butyl Acrylate , Styrene Monomer, Ethyl Hexyl Acrylate and Vinyl Acetate Monomer in Latex segment comparative to last year were reason to increase the gross margin by 4% comparative to last year.

Other income

Rs. 24.7 Mn.

2024 - Rs. 13.3 Mn.

Other incomes of the company excluding interest income has increased to Rs. 24.7 Mn. during the year from Rs. 13.3 Mn. recorded for last year. Indent commission and Rent Income increased by 21.3% and 41.1% respectively comparative to last year. Gain on disposal of property, plant and equipment in reporting period was Rs. 6.7 Mn.

Finance Cost

Finance Cost

Rs. 0.830 Mn.

2024 - Rs. 0.287 Mn.

Financial costs of the company increased by 189% to Rs. 0.830 Mn. from Rs. 0.287 Mn. recorded for last year. A marginal increase in borrowing levels of trade finance was the key factors to the increase in cost of finance during the year under review.

Exchange rates (LKR Vs USD)

Rs. 313.40

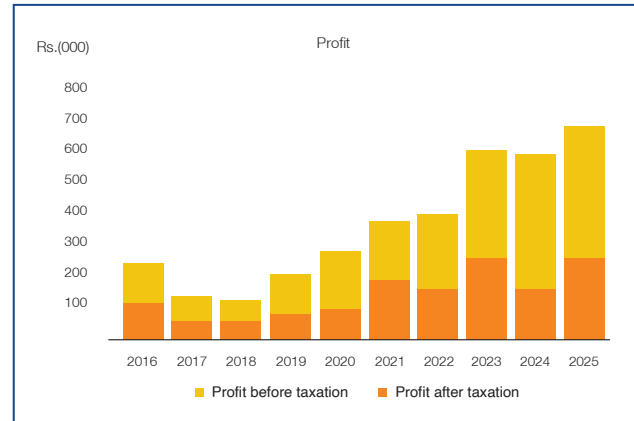

2024 – Rs. 300.98

During the year 2025, the Sri Lankan rupee has depreciated against the US dollar by 4.1% (2024 – appreciate by 10.4%) during the year up to date reflecting a devaluation of LKR by the central bank by floating the exchange rate determine policy. The Sri Lankan rupee has also depreciated against other major currencies during this period reflecting cross-currency movements. depreciation of LKR resulted marginal exchange gain of Rs. 2.8 Mn. (2024- Rs 6.9 Mn.) in the year under review.

Profit before tax

Rs. 392.5 Mn.

2024 – 342.8 Mn.

The profit before tax increased to Rs. 392.5 Mn. from Rs. 342.8 Mn. it increased by 14.5% comparatively to the previous period. Increased in Result from operating activities by 14% and increased in Finance income by 17.6% comparative to last year was main factors to maintain the profit before tax at 392.5 Mn. year under review.

FINANCIAL POSITION

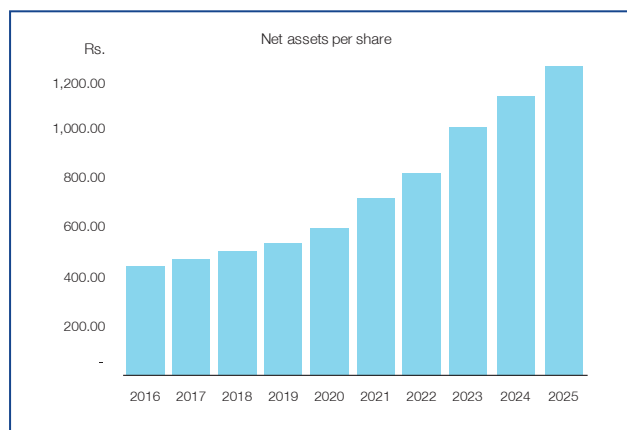

Total Assets

Rs. 1,633.0 Mn.

2024 – Rs. 1,476.0 Mn.

Management Discussion and Analysis (Contd.)

The company's total assets as at 25th December 2025 were Rs. 1,633.0 Mn. and shows an increase of 10.6% from Rs. 1,476.0 Mn recorded for 2024. This is mainly due to decrease in current assets by Rs. 178.1 Mn. (-16.3%) comparative to last year. Non-current assets increased by 355.2 Mn. (88.0%) comparative to last year.

Current Assets

Rs. 917.05 Mn.

2024 – Rs. 1,095.20 Mn.

Current assets of the Company have decreased to Rs. 917,053 Mn. in 2025 compared to Rs. 1,095.20 Mn. in 2024. Significant increase in trade and other receivables Cash and cash equivalents by 10% and 83 % respectively comparative to last year. A decrease in inventories and short-term financial assets by 2% and 72% comparative to last year were the key factors to offset the significant increase reported in total current assets to decrease by 16% comparative to last year.

Working capital

Rs. 765.4 Mn.

2024 – Rs. 927.5 Mn.

The net working capital of the company in the year to stand at Rs. 765.4 Mn. year under review as against previous year value of Rs. 927.5 Mn. A decreasing in total current asset by 16.3%, trade & other payables by 16.7% and decreasing in dividend payable by 48.5% factors significantly impacted the decreasing in working capital comparative to last year of 2024.

Net Cash flow from operating activities

Rs. 230.3 Mn.

2024 - Rs. 252.8 Mn.

Cash flows from operating activities amounted to Rs. 230.3 Mn. compared with Rs. 252.8 Mn. in the previous year. The decrease in cash flows from operating activities was largely due to the increase in trade and other receivables by Rs. -9.0 Mn. and decrease in trade and other payables by Rs. -17.8 Mn. and inventory by Rs. 8.9 Mn was the key factor to offset the offset during the period under review. A decrease in raw material cost significantly impacted a decrease

in inventory. Payment in advance for raw material and settlement of debts in foreign currency brought forward from previous year decreased the trade payable. Collection of receivables during the reporting period reported decreasing in trade and other receivables.

Cash flows from investing activities amounted to Rs. 56.7Mn. in year under review (2024 – Rs.188.7 Mn.), that was mainly attributed to investing in treasury bills and deposits of Rs. - 40.2 Mn. (2024-Rs. – 214.0 Mn.), Interest received of Rs. 36.8 Mn. (2024 – Rs. 30.3.) and purchase and construction of property, plant and equipment of Rs. 140.6 (2024 - Rs.9.5 Mn.)

Cash flows used in from financing activities amounted to Rs. – 114.1 Mn., compared with Rs. – 75.9 Mn. in the previous year. particular to the net cash outflow from dividend payments of Rs. - 114.1 Mn.

Free cash flow of financial resources remaining after investments decreased to Rs. 89.6 Mn. compared with Rs. 234.2Mn. (-63.1%) in the previous year. A decrease in net cash generated from operation by Rs.230.3 Mn. from Rs, 252.8 Mn. (- 8.9%) and purchase and construction of property, plant and equipment by Rs. 140.6 Mn. from Rs, 9.5 Mn. in the previous year. was the key factor for such decrease in free cash during the reporting period.

Free cash flow was used to pay dividend of Rs. 114.1 Mn. and investing in short term financial assets of Rs. 40.2 Mn. during the reporting period

Net assets value per share

Rs. 956.15

2024 – Rs. 844.75

The net assets value per share of the company increased to Rs. 956.15 as at the reporting date compared to Rs. 844.75 (13.2%) recorded for last year. Positive operational performance during the year under review increased the net asset value of the share by Rs. 111.40 per share.

Capital structure

Rs. 1,434.2 Mn.

2024 – Rs.1,267.1 Mn.

Net assets of the company stand at Rs. 1,434.2 Mn. as at the reporting date. (2024 - Rs. 1,267.1 Mn.). There were no significant changes in value compared with in the previous year.

Total assets of the company stand at Rs. 1,633.0 Mn. (2024- Rs. 1,476.0 Mn.) as at the reporting date. There were no significant changes in value compared with in the previous year. Assets were funded by shareholders by 88%, non-current liabilities by 2.9% and current liabilities by 9%.

We stand by our dividend policy to increase the dividend per share each year. In 2025, we generated a strong free cash flow. We pay Rs. 114.1 Mn. as dividend year under review.

Management Discussion and Analysis (Contd.)

Net Debt

Rs. 68.1 Mn.

2024 – Rs. 137.5 Mn.

The company's total net debt was Rs. 68.1 Mn. as at balance sheet date, a 50.1% decreased against previous reporting period.

Operational Efficiency

We are pleased to report that our lost time accident rate and accident severity rate remained at zero (2024- zero) year under review, consistent with the previous year.

Risk Management

Volatility in the global economies and challenging market conditions coupled with uncertainties in the domestic environment, we acknowledge the potential impact on our operations in the year ahead.

However, our strategic plans are designed to mitigate risks and address challenges effectively. Risk management remains integral to our processes, with thorough reviews conducted to identify and analyse potential risks to the business. Furthermore, we have aligned our systems and policies to comply with evolving regulatory requirements and have implemented effective mechanisms to ensure compliance.

Health and Safety

The company is committed to ensuring a safe working environment for its employees, contractors, and visitors involved in any business or transaction with the company.

In reporting work related hazards, awareness sessions are conducted for all employees according to Occupational Health and Safety (OHS) policies. All incidents are recorded. Employees are trained to increase awareness on health and safety and address lapses should they occur thereby maintaining a safe and healthy workplace.

Looking Ahead

Sri Lanka's economy in 2026 is experiencing a moderated, resilient recovery, with growth projected between 3.1% and 4.5% as it moves beyond the 2022–2023 crisis, though risks remain from energy price shocks and regional conflicts. While foreign reserves have improved exceeding by USD 7 billion and tourism remains strong, structural reforms and high energy costs continue to present challenges.

The company plans to continue experimenting with new business and processing methods to enhance productivity and efficiency. The company will also focus on initiatives that will enable the company to achieve net-zero emissions in the short term, underscoring Union Chemical's commitment to environmental sustainability.

In conclusion, Union Chemicals Lanka PLC remains dedicated to delivering value to its stakeholders while contributing to the broader goals of economic and environmental sustainability. The company's strategic initiatives and performance in 2025 provide a solid foundation for future growth and success.

He worked as a member of the management committee of the John Keells foundation and headed many CSR activities enhancing the lively hood up-liftmen of farmers.

Statement of Directors' Responsibilities

Directors' Responsibilities for the Preparation of Financial Statements

This Statement of Directors' Responsibilities is to be read in conjunction with the Auditors' Report and is made to distinguish the respective responsibilities of the Directors and of the Auditors in relation to the Financial Statements contained in this Annual Report.

The Directors of the Company are required by the Companies Act No.7 of 2007 to prepare Financial Statements which give a true and fair view of the state of affairs of the Company as at the end of the Financial Year, and of the Profit and Loss and of the Cash flows of the Company for the Financial Year.

The Directors confirm that the Financial Statements of the Company for the Year ended 25th December, 2025 presented in the Report have been prepared in accordance with the Sri Lanka Accounting Standards and the Companies Act No.7 of 2007 and the Listing Rules of the Colombo Stock Exchange. In preparing the Financial Statements, the Directors have selected the appropriate accounting policies and have applied them consistently. Reasonable and prudent judgments and estimates have been made and applicable accounting standards have been followed and the Financial Statements have been prepared on a going concern basis.

The Directors are of the view that adequate funds and other resources are available within the Company for the Company to continue in operation for the foreseeable future.

The Directors have taken all reasonable steps expected of them to safeguard the assets of the Company and to establish appropriate systems of internal controls in order to prevent, deter and detect any fraud, misappropriation or other irregularities. The Directors have also taken all reasonable steps to ensure that the Company maintains adequate and accurate accounting books of record which reflect the transparency of transactions and provide an accurate disclosure of the Company's financial position.

As required by Section 56 (2) of the Companies Act No.7 of 2007, the Board of Directors has confirmed that the Company, based on the information available, satisfied the Solvency Test, immediately after the distribution, in accordance with Section 57 of the Companies Act No.7 of 2007, and has obtained a certificate from the Auditors (please confirm) when declaring the Interim Dividend paid on 07th November, 2025. The prescribed provisions will be followed and a further Certificate will be obtained from the Auditors, prior to recommending the Final Dividend of Rs. 44/- per share for the Financial Year, which is to be declared by the Shareholders at the Annual General Meeting.

The Directors are required to provide the Auditors with every opportunity to take whatever steps and undertake whatever inspection they consider appropriate for the purpose of enabling them to give their Audit Report. The Directors are of the view that they have discharged their responsibilities in this regard.

Compliance Report

The Directors confirm that, to the best of their knowledge, all taxes and levies payable by the Company and all contributions, levies and taxes payable on behalf of the employees of the Company, and all other known statutory obligations as at the balance sheet date have been paid or provided for in the Financial Statements.

Fit and Proper Assessment of Directors

In terms of Rule 9.7.3 and 9.7.4 of the Listing Rules of the Colombo Stock Exchange, declarations were obtained from the Directors who confirmed that they have continuously satisfied the Fit and Proper Assessment Criteria set out in the Listing Rules during the year under review and as at the date of such confirmation.

The Directors' Interest in Contracts

The Company maintains an Interest Register in compliance with the requirements of the Companies Act No. 7 of 2007.

Directors' Interest in Contracts are disclosed under related party transactions in Note 30 to the Financial Statements.

Related Party Transactions (RPTs)

There were no non-recurrent related party transactions during the financial period (2024 – Nil) which in aggregate value exceeds 10% of the equity or 5% of the total assets whichever is lower of the Company as per audited Financial Statements of 2025.

During the financial year, Related Party Transactions were reviewed by the Related Party Transaction Review Committee (RPTRC) and are in compliance with Section 9.14 of the CSE Listing Rules. The RPTRC communicated its affairs to the Board by tabling the minutes of the Committee meetings quarterly. The Related Party Transaction Review Committee Report is given on pages 22 of the Annual Report whilst the related party transactions are given in Note 30 of the Financial Statements.

The Company's recurrent and non-recurrent transactions with related parties, disclosed in Note 31 of the Financial Statements in the Annual Report, have complied with the Listing Rule 9.14 of Colombo Stock Exchange and the Sri Lanka Accounting Standard No. 24 – Related Party – Disclosures.

Corporate Governance and Sustainability

The Board of Directors confirms that the Company is in compliance with Continuing Listing Rules under section 7.6 and Corporate Governance Principles under section 9 of the Listing Rules of the Colombo Stock Exchange. The Directors declare, having considered all information and explanations made available to them, that:

- the Company complied with all applicable Laws and Regulations in conducting its business,
- the Directors have declared all material interests in contracts involving the Company and refrained from voting on matters in which they were materially interested.
- the Company made all endeavors to ensure the equitable treatment of all shareholders,
- the business is a going concern with supporting assumptions or qualifications as necessary
- Company conducted a review of internal controls covering financial, operational, compliance, and risk management, and have obtained reasonable assurance of their effectiveness and successful adherence herewith.

The table from pages 14 to 16 of the Annual Report shows the manner the Company has complied with Sections 7.6 and 9 of the Listing Rules of the Colombo Stock Exchange (CSE) on Corporate Governance. The Corporate Governance Report is given on pages 13 to 16 of the Annual Report.

Environment Protection and Corporate Social Responsibility

The company adheres to the relevant environmental laws, regulations and endeavors to comply with the best practices applicable in operating in the area, province and the country.

The company contributes and engages in CSR initiatives to support the society at large and its stakeholders by providing education and community support programs, public sector engagement programs, and delivering financial assistance by the Company.

Employees and Industrial Relations

The number of persons employed by the Company as at 25th December 2025 was 40 (2024 – 39). The Company is committed to pursuing various HR initiatives that provide a culture that recognizes the competencies and commitment of its employees. Career growth and advancement opportunities facilitate the creation of value for themselves, the Company, and other stakeholders.

There have been no material issues pertaining to employees and industrial relations of the Company.

Risk Management and Internal Control

The Board confirms that there is an ongoing process for identifying, evaluating and managing any significant risks faced by the Company. Risk Assessment and evaluation is an integral part of the Company's planning cycle and the principal risks and mitigatory actions in place are reviewed regularly by the Board and the Audit Committee.

Report of the Board of Directors (Contd.)

The Board, through the involvement of risk review and controls, takes steps to gain assurance of the effectiveness of the Company's system of internal controls that are in place. The control system is designed to give assurance regarding the safeguarding of assets, the maintenance of proper accounting, and the reliability of financial information generated.

The Audit Committee receives regular reports on the adequacy and effectiveness of the internal controls of the Company, the compliance with laws and regulations, and the established policies and procedures. The Risk Management Report is given on pages 17 to 18 of the Annual Report shows the way the Company is managing the risk.

However, any system can only provide reasonable and not absolute assurance that errors and irregularities are either prevented or detected within a reasonable period.

Directors' Shareholdings

Shareholdings of the Directors of the Company are as follows. The Articles of Association of the Company do not stipulate a share qualification for Directors.

In accordance with the section 9.8.5 (a) of the Listing Rules of the Colombo Stock Exchange (CSE) Independent Directors have submitted a signed and dated declarations per the specimen given in Appendix 9A of Continuing Listing Rules of CSE.

Name of the Directors	25.12.2025	25.12.2024

Corporate Governance

Corporate Governance defines the decision-making systems and structure through which a Company is managed in the best interest of the company and its various stakeholders. Whilst good Corporate Governance helps improve public understanding of the activities of the Company it is also a powerful tool for protecting investors. Accordingly, timely and accurate disclosure of information regarding the financial stability, performance, and ownership are important aspects of Corporate Governance.

The Board provides guidance in formulating and implementing corporate strategy and monitoring implemented strategies, offering clear directions on the decision-making process while promoting a culture of openness, productive dialogue, constructive dissent, employee empowerment and engagement, thus creating value to all stakeholders. The Board also oversees Company financial performance, adopting appropriate accounting policies to ensure conduct of business operations with adherence to environmental, social and governance (ESG) considerations.

The Company recognises that controls and procedures play an integral part in maintaining high standards and that transparency, disclosure, financial controls and accountability are pillars of any good system of Corporate Governance.

Compliance with the Code of Best Practice

The Company currently complies with the requirements set out in the Code of Best Practice for Corporate Governance issued by the Institute of Chartered Accountants of Sri Lanka and the Rules on Corporate Governance contained in the Listing Rules of the Colombo Stock Exchange.

Investor Relations and Communication with Shareholders

The Company encourages communication with shareholders through annual general meetings, the annual report, interim financial statements, and announcements to the Colombo Stock Exchange.

Shareholders are encouraged to be present, participate, and vote at the annual general meeting. In compliance with the Section 9.2.1.(g) of Corporate Governance Principles, the Company has in place a policy on relations with shareholders and investors to ensure shareholder communications are effectively managed by the Company through investors' relation officer and Company Secretaries. All significant issues and concerns of shareholders are referred to the Board with the views of the management, whilst shareholder queries are responded by the Company Secretaries on behalf of the management.

Board of Directors

The Board of Directors collectively possesses a range of skills and knowledge to deal with various business issues and also have the ability to review and challenge management performance and is responsible for the management of the Company. The Board of Directors of the Company consists of five (05) members and is made up of Executive and Non - Executive Directors to maintain the independence of the Board.

Board meets once in every three (03) months to take decisions effectively and ensure the operations of the Company. Special Board Meetings will be held when the need arises.

As required by the Listing Rules of the Colombo Stock Exchange, each Non-Executive Director submitted a declaration of their independence or non-independence for the year under review. Non-Executive Directors do not have any business interest except what is stated under Note 30, Related Party Disclosure on page 63 and Director's interest in Annual Report of the Board of Directors on page 64 of the Annual Report.

Appointments

At each Annual General Meeting (AGM) one third (1/3rd) of the Directors for the time being, except the Chairman and the Managing Director, retire from office. The Directors to retire at each AGM shall be those who being subject to retirement by rotation, have been longest in office since their last election. Retiring Directors shall be eligible for re-election.

Fitness of Directors and CEO

The Company assesses the Fitness of Directors and CEO of the Company with reference to the fit and proper assessment Criteria set out in section 9.7.3 of the Listing Rules of the Colombo Stock Exchange, to obtain a declaration of fitness and propriety confirming that all Directors and the CEO have satisfied the criteria.

Directors Remunerations

The Remuneration Committee is responsible for making recommendations to the Board regarding the remuneration of the Executive Directors and Key Management Personnel (KMPs). The compensation for Directors and KMPs is aligned with objectives for sustainable value creation that are consistent with the Company strategy. It is determined based on well-defined performance goals that are appropriately challenging and realistic.

The Board as a whole determines the remuneration of the Non-Executive Directors (NEDs). Remuneration for NEDs reflects the time commitment and responsibilities of their role, taking into consideration the market practices. They do not receive any performance related incentive payments. Professional advice is sought by the Board and Remuneration Committee in discharging their responsibilities.

Board Evaluation

The Board evaluates its performance and its subcommittees on an annual basis. Areas of assessment include areas within their core competencies, industry specific skills, and awareness of emerging trends to deliver strategic aspirations of the Company. The Chairperson and Remuneration Committee are responsible for evaluating the performance of the Executive Directors through the annual performance evaluation mechanism in place.

Board Sub-Committees

The Board sub-committees scrutinise and analyse the areas under their purview and ensure application of strict control over the affairs of the Company. The Sub-Committees make recommendations to the Board on necessary adjustments and modifications to the internal systems of the Company. The Board has constituted a Nominations & Governance Sub - Committee, the Audit and Risk Management Sub-Committee, and a Remuneration Sub-Committee, each of which consist of three Non-Executive Directors. Reports of

Corporate Governance (Contd.)

the Nominations & Governance Committee, the Audit and Risk Management Committee, the Remuneration Committee, the Related Party Transactions Committee are given on the pages 19 to 22 respectively of the Annual Report.

The Board sub committees were reconstituted effective from 31st December 2024 in line with the amended rules on corporate governance by the CSE. Sub-Committees mainly comprise Independent Non-Executive Directors.

The Composition of the Board and its Sub-Committees as at the end of the period under review is set out in the table on page below together with records of attendance of every Director at the respective meetings which were held during the year under review.

Risk Management

MANAGING RISK

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management frame work.

The Company has deployed best practices in its endeavors to manage risks. The Company's system of internal controls covers all policies and procedures and facilitates the timely identification and effective management of significant areas of strategic and operational risk as may arise. Effective systems and procedures have also been designed to deal with fraud and encourage employees to promptly report any irregularity or fraud.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The management committee is promptly informed of any risks through regular reports that compare the performance of the Company in terms of predetermined performance indicators against plans, past performance and trends, enabling them to monitor risks and initiate necessary corrective action, in situations of potential risk.

External and corporate audits are crucial in the risk management process. These auditors' reviews report on the Company's operational and financial systems and recommend corrective action to better manage identified risk. The audit committee reviews significant audit findings. A brief description of the areas of risk that the Company is exposed to and the risk management measures in place, are described hereunder.

Economic Risk

Rapid changes in the economic environment can impact the performance of the Company. Similarly, macroeconomic factors and demographic changes impact the buying patterns of the consumer. There is stiff competition in the lines of products that we manufacture. In order to mitigate adverse implications of these factors, we maintain on going initiatives to design and develop products that remain constantly relevant to the consumer. At the same time, we have deployed aggressive cost management initiatives that allow us to market products of superior value at competitive prices. We continuously look for new sources of supplies and attempt to contain costs through efficient production of goods and enhanced local value addition.

Asset Risk

This relates to risks that are liable to impact the physical assets of the Company such as destruction, loss or theft as well as technical and other defects. In order to mitigate the impact of such risks, we have insured such assets against all identifiable and insurable risks. The relevant insurance policies are subject to a comprehensive annual review, with modifications being made as deemed necessary. Procedures in place to control technical and other defects include procuring such assets as far as possible from reputable suppliers with third party certification on quality assurance.

Investment Risk

While investing in design and development of new products is an imperative for the Company to remain competitive, it raises fresh vulnerabilities in terms of risks of failure and potential damage to the image of the Company. To mitigate this risk, the Company engages in a thorough appraisal before any such investment is made. A due diligence study ensures that projected budgets and forecasts can be met and examines the impact of technological and other factors on the investment decision.

Financial Risk

Financial risk relates to the availability of financial resources for the smooth functioning of the Company's operations and is primarily managed utilising the strength of the Company, thereby ensuring that cost-effective funding is available at all times while minimizing the negative effects of market fluctuations on profits.

The Company's objective, policies and processes for measuring and managing risk from financial instruments and the management of capital are reported separately in Note 27 on pages 56 to 62 in conformity with SLFRS reporting standards.

Risks from Fiscal Changes

Arising from overall macroeconomic policies, priorities and revenue considerations, the Government changes the tax and duty structure applicable to the manufacture/sale of products, from time to time.

This may pose a risk to the Company since it has invested in infrastructure and generating employment opportunities for people. In order to mitigate this risk, we continue to work with the chambers of commerce, industrial associations and other similar organisations in order to protect local industries, raise our concerns regarding possible adverse impacts of sudden changes in tax and duty structures and to lobby for necessary incentives.

Labour Risk

Labour issues can affect product quality, output, market shares as well as the Company's goodwill and reputation. Among other issues are the likelihood of labour-related litigation and investing in time and resources in recruitment and training. Procedures have also been laid down to promptly respond to grievances and staff complaints. Welfare and benefit schemes provide our people with additional material incentives and a sense of community, belonging and ownership.

Supplier Risk

We procure materials from a large number of suppliers, both local and foreign, for the production of goods. In order to minimize disruptions to supplies and also to ensure the quality of the materials supplied, we have put in place certain measures that promote - overseas procurement from third party certified suppliers, maintenance of a multiple supplier base for sourcing raw materials and the maintenance of good co-ordination between suppliers and our quality assurance department. In addition, the company review, evaluate and maintain a certified list of suppliers, using a comprehensive supplier evaluation based on predetermined criteria.

Risk Management (Contd.)

Marketing Risk

Being a chemical manufacturer and supplier Company, we keenly assess the changes taking place in the global market regularly. Marketing department frequent visits to the customer's factories has assisted us to identify and understand ever changing client requirement and to develop our product portfolio accordingly. In addition, the Company are always vigilant with regard to the new completion and are ready to change the strategies to counter competitive.

Reputation Risk

We are engaged in manufacturing and supplying a vast range of chemicals, where the Company is open to the elements to reputation risk. Among the specific sources of reputation risk, the environmental impact of the production process and other issues concerning the quality of products manufactured could be considered as significant. Nevertheless, the company adhere 100% to all legal and regulatory requirements to ensure EHS in all operations.

The Company is engaged in many environmentally-responsible practices such as eliminating waste generation by effective implementation of waste management programme, energy management and sustainable green product development.

Regard to reputational risk, maintaining product and process quality is crucial. Resounding determination of diminishing environmental collision and continues improved performance in environmental activities, Union Chemicals Lanka PLC carry out all business adhering to the international standards of ISO 9001: 2015 Quality Management System standard and ISO 14001: 2015 Environment Management System standard.

The company operations are guided by Sri Lanka Responsible Care council that ensures safety at work place.

Other Risks

Apart from the specific risks identified above, the Company is exposed to a number of other risks some of which are natural disasters beyond the control of the Company while others relate to operational matters. These include fire, floods, machinery breakdowns, technical defects, electrical hazards etc. Risk management measures are in place to address these situations inter alia include insurance covers against all such perils and regular training of firefighting squads including the conduct of fire drills

Assessment of Going Concern

The financial statements of Union Chemicals Lanka PLC for the year ended 25th December 2025, have been prepared on the basis that the Company is a going concern.

In assessing the going concern assumption, the Company has taken in to account all available information for the foreseeable future, which should be at least, but not limited to, 12 months from the reporting date.

Further, the following indicators have been considered to conclude that the going concern assumption is valid;

Financial indicators

- Healthy net assets and net current assets position.
- History of profitable operations and ready access to financial resources.
- Strong cash position and available borrowing facilities.

Operating indicators

- Low turnover of key management and availability of key succession plans.
- Good track record on environment and health & safety

Standard other indicators

- Management pro-activeness and compliance with legal and statutory requirements.
- Low likelihood that legal cases filed against the Company will have significant adverse effect on its operations.
- Robust risk management process and migratory action plans.
- Robust actions to continue business operations strictly in conformity with Government guidelines and directives issued from time to time.

Based on the above, Directors of the Company are confident that Union Chemicals is a going concern and is able to pay debts as they fall due.

Caveat

As detailed above, the Company has identified various risks it is exposed to and attempts to mitigate the impact of such risks to the maximum extent practically possible. However, while every effort is made to minimise the risks through a sound risk management process at multiple levels based on the most accurate, timely and comprehensive information available, the nature of risk is such that no assurance can be given that the Company is fully-protected and will not be adversely impacted at all, by risk. Taking cognizance these variables and through prudent analysis of the overall risk scenario as well as the measures for mitigation the Company has put in place. The directors have ensured that Company is adequately protected from risk to the extent that Union Chemicals can and will enjoy an uninterrupted and profitable continuance of business.

Nomination and Governance Committee Report

Introduction

This report focuses on the activities of the Nominations and Governance Committee for the year under review.

Nominations and Governance Committee Report In terms of the Rule 9.11 of the Corporate Governance Principles of the Colombo Stock Exchange the Company formed a Nomination and Governance Committee to ensure the board comprise of diverse, competent, experienced, and effective Directors. The Committee is responsible to ensure that the Board is well balanced in terms of effectiveness and composition. The Committee evaluates the Board composition, reviews their performance, and promotes continuous improvement to encourage the highest standard of Corporate Governance.

Composition of the Committee and Meetings

The Nomination and Governance Committee is comprised of four Non-Executive Directors of whom two are independent. The Committee is chaired by independent Non-Executive Director. Report of the Audit and Risk Committee

Introduction

This report focuses on the activities of the Audit and Risk Committee for the year under review.

Audit and Risk Committee Report In terms of the Rule 9.13. of the Corporate Governance Principles of the Colombo Stock Exchange, the Company formed an Audit and Risk Committee to ensure the board comprise of diverse, competent, experienced, and effective Directors.

Composition of the Committee

The Audit and Risk Committee, appointed with effect from 31st December 2025 and responsible to the Board of Directors, comprises two non-executive independent directors and one non-executive director. The members are:

Mr. W. K. P. Malwattege - Chairman
Mr. Mr. K. M. Dissanayake - Independent Director
Prof. B. A. J. K. Premachandra – Independent Director

The members of the Committee have the necessary financial knowledge and business acumen to carry out their roles effectively. Mr. W. K. P. Malwattege, the Chairman, is an independent non-executive director and an associate member of the Institute of Chartered Accountants of Sri Lanka. Mr. K. M. Dissanayake is a fellow member of the Institute of Chartered Accountants of Sri Lanka. Prof. B. A. J. K. Premachandra has over 27 years of experience in chemical science and related fields. Collectively, the members of the Committee possess a wealth of knowledge and experience.

Meetings

The Audit and Risk Committee is required to meet at least four times during the year. Attendance of the members at these meetings is given on page 14 of the Annual Report.

The Finance Manager assists the Committee by providing relevant information to facilitate the decision-making process. The activities and views of the Committee have been communicated to the Board of Directors at Board meetings.

Main Responsibilities

The Audit and Risk Committee is empowered to examine any matter relating to the financial affairs of the Company. These include:

- Review of quarterly and annual financial statements
- Review and monitoring of internal control systems
- Presentation of financial statements and compliance with Sri Lanka Accounting Standards
- Compliance with Colombo Stock Exchange requirements and other regulatory bodies
- Other related functions as may be directed by the Board

Financial Reporting

The Committee reviews the preparation, presentation, and adequacy of disclosures in the Company's quarterly and annual financial statements in compliance with statutory and other regulatory requirements, and makes recommendations to the Board prior to publication of these statements.

The Committee has also discussed the operations of the Company and its future prospects with management and is satisfied that all relevant matters have been taken into account in the preparation of the financial statements.

External Audit

The external auditors' letter of engagement, including the scope of the audit, was reviewed and discussed by the Committee with management and the external auditors prior to the commencement of the audit. Before the conclusion of the audit, the Committee met with the external auditors to discuss all audit issues and agree on their treatment.

Appointment of Auditors

The Audit and Risk Committee is satisfied that the independence of the external auditors has not been impaired by any event or service that gives rise to a conflict of interest. The Committee has recommended to the Board of Directors that Messrs. KPMG, Chartered Accountants, be re-appointed as external auditors for the financial year ending 25 December 2026, subject to approval by the shareholders at the Annual General Meeting of the Company.

Conclusion

Based on the reports submitted by the external auditors of the Company and the discussions with management, the Audit and Risk Committee is of the view that the control environment of the Company is satisfactory and provides reasonable assurance that the financial position of the Company is adequately monitored and its assets are safeguarded.

Report of the Remuneration Committee

Introduction

This report focuses on the activities of the Remuneration Committee for the year under review. The Committee's composition complies with the requirements of Section 9.12.6 of the Listing Rules of the Colombo Stock Exchange

Composition of the Committee

In accordance with the Code of Best Practices issued by the Colombo Stock Exchange, the Board appointed the Remuneration Committee with effect from 31st December 2024, comprising four Non-Executive Directors, of whom two are Independent Non-Executive Directors, namely:

Mr. W. K. P. Malwattege – Chairman

Mr. K. M. Dissanayake – Independent

Prof. B. A. J. K. Premachandra – Independent

Mr. W. K. P. Malwattege is an Independent Non-Executive Director and an Associate Member of the Institute of Chartered Accountants of Sri Lanka. All members of the Committee possess extensive knowledge and experience.

The Finance Manager assists the Committee by providing relevant information to facilitate the decision-making process.

The Committee is responsible for determining the compensation of the Managing Director, who is a Board member serving in an executive capacity. The Remuneration Policy of the Company with regard to the Managing Director's compensation package is linked to commitment, expertise, achievements, future growth initiatives, and contribution to the Company's profitability and returns to stakeholders. No remuneration is paid to Non-Executive Directors other than nominal fees based on their participation in Board and Sub-Committee meetings. Total fees and remuneration paid to all Directors are disclosed on Note 09 of the Financial Statements.

The Committee met once during the year. Proceedings of the Committee were reported to the Board of Directors for information and necessary action and were affirmed by the Board.

Report of the Related Party Transactions Review Committee

Introduction

This report focuses on the activities of the audit committee for the year under review.

The Committee's composition complies with the requirements of Section 9.14.2 of the Listing Rules of the Colombo Stock Exchange

Composition of the Committee

In accordance with the Code of Best Practices on Related Party Transactions issued by the Colombo Stock Exchange, the Board appointed the Related Party Transactions Review Committee, comprising of four Non-Executive Directors of whom two are Independent Non Executive Directors, namely,

Prof. B. A. J. K. Premachandra - Chairman

Mr. U. L. Pushpakumara

Mr. K. M. Dissanayake -(Independent)

Mr. W. K. P. Malwattege -(Independent)

Prof. B A J K Premachandra an Independent Non-Executive Director who is holds a Degree in Physical Science from the University of Colombo. He holds Master of Science in Polymer Science and Technology at the University of Sri Jayewardenepura and he has a doctorate from University of Cincinnati, USA for chemistry. Mr. Jagath Premachandra is serving as Professor for Department of Chemical and Process Engineering, University of Moratuwa.. Members of the Committee possess a wealth of knowledge and experience.

Committee meetings

The four meetings were held during the year to review and report to the Board on matters involving Related Party Transactions falling under its terms of reference. Attendance of the meeting is detailed in page 14.

Responsibilities of the committee

The Committee's key focus is to review all proposed Related Party Transactions prior to the completion of the transaction according to the procedures laid down by Section 9 of the Listing Rules of the Colombo Stock Exchange.

The responsibilities of the committee are:

- Evaluate any proposed Related Party Transactions quarterly,
- Review any post quarter confirmations on Related Party Transactions,
- Review the threshold for Related Party Transactions, which require either Shareholders' approval or immediate market disclosures,
- Review criteria of Key Management Personnel,
- Obtain Board approval for the Related Party Transactions, if any, and,
- Regularly report to the Board on Committee's activities.

Key functions performed during the year under review

Quarterly meetings were held during the year to scrutinise all Related Party Transactions with Directors ,Key Management Personnel (KMPs) and substantial shareholders of the Company and such other related parties as defined in the Code with a view to determining that they have not received any favourable nor preferential consideration vis a vis the other shareholders, suppliers and customers of the Company as well as to ascertain that their transactions and dealings are in strict conformity with Statutory and Regulatory requirements which the Company is obliged to adhere to.

Related Party Transactions (RPTs)

There were no non-recurrent related party transactions during the financial period (2024 – Nil) which in aggregate value exceeds 10% of the equity or 5% of the total assets whichever is lower of the Company as per audited Financial Statements of 2025.

The Company's recurrent and non-recurrent transactions with related parties, disclosed in Note 31 of the Financial Statements in the Annual Report, have complied with the Listing Rule 9.14 of Colombo Stock Exchange and the Sri Lanka Accounting Standard No. 24 – Related Party– Disclosures.

Meetings

Meetings are held mandatory, during financial period of 2025, 04 of such meetings were held and the minutes were circulated to the Board of Directors for their information and review. In the opinion of the Committee there were no transactions with the related parties that were more favorable or preferential during the period under review and the Company had been compliant with the Code.

Managing Director's and Chief Financial Officer's Responsibility Statement

The Financial Statements are prepared in conformity with requirements of the Sri Lanka Accounting Standards SLFSSRS /LKAS, Companies act No.07 of 2007, Sri Lanka Auditing Standards, the Listing Rules of the Colombo Stock Exchange and other applicable statutes. The accounting policies used in the preparation of the Financial statements are appropriate and consistently applied, unless otherwise stated in the notes to the accompanying the Financial Statements.

The accounting policies resulting from coverage to Accounting standard issued by The Institute of Chartered Accountants of Sri Lanka SLFSSRS/LKAS are provided in detail in the notes to the Financial Statement

The Board of Directors and the management of our Company accept responsibility for the integrity and objectivity of these Financial Statements. The estimates and judgments relating to the Financial Statements were made on a prudent and reasonable basis, in order that the Financial Statements reflect in a true and fair manner, the form and substance of transactions, and reasonably present the Company's state of affairs. To ensure this, the Company has taken proper and sufficient care in installing a system of internal control and accounting records, for safeguarding assets, and for preventing and detecting frauds as well as other irregularities, which is reviewed, evaluated and updated on an ongoing basis.

However, there are inherent limitations that should be recognized in weighing the assurances provide by any system of internal controls and accounting.

Messrs KPMG, Chartered Accountants the external auditors of the company. have examined the Financial Statements made available by the Board of Directors together with all relevant financial records, related data and minutes of meetings and express their opening in their report.

The Audit Committee of our Company meets periodically with the external auditors to review the manner in which the auditor is performing their responsibilities, and to discuss auditing, internal control and financial reporting issues. To ensure complete independence, the independent auditor has full and free access to the members of the Audit Committee to discuss any matter of substance.

To the shareholders of Union Chemicals Lanka PLC

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Union Chemicals Lanka PLC ("the Company"), which comprise the statement of financial position as at 25th December 2025, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policies and other explanatory information.

In our opinion, the accompanying financial statements of the Company give a true and fair view of the financial position of the Company as at 25th December 2025, and of its financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics for professional Accountants issued by CA Sri Lanka (Code of Ethics) and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

01. Expected Credit Loss Allowances of Trade Receivables	
Refer Accounting Policies in Note 3.3 and 16.1 to the financial statements	
Risk Description	Our Responses
<p>The Company has recognized a total allowance for expected credit loss amounted to Rs. 1.8 Mn for trade receivable balance of Rs. 238 Mn.</p> <p>The Company's provision of impairment are based on the management estimate of the expected credit losses to be incurred, which is estimated by taking in to account the aging of overdue balances, the repayment history of the Company's individual customers, current market conditions and customer specific conditions, all of which involves a significant degree of management judgment.</p> <p>Additional subjectivity and judgment are required due to the heightened uncertainty associated with the impact of the economic outlook and its impact on customers, increasing our audit effort thereon.</p> <p>We identified expected credit loss allowance of trade receivables as a key audit matter as it requires management to exercise subjective judgment in making assumptions and estimates for the assessment of impairment allowance on trade receivables.</p>	<p>Our audit procedures included</p> <ul style="list-style-type: none"> Assessing the provisions for impairment recorded against trade receivable balances, based on 'Expected Credit Loss' model as per 'SLFRS 09', by developing an independent expectation as well as the reasonability of the model methodology, key assumptions and model validation. We substantively tested the completeness and accuracy of key inputs into models and assessed the appropriateness of assumptions used. Testing the subsequent settlements made for the selected sample of debtors. Assessing the adequacy of the disclosures in the financial statements with reference to the requirements of the prevailing accounting standards.

Independent Auditor's Report (Contd.)

02. Revenue Recognition	
Refer Accounting Policies in Note 3.11 and 05 to the financial statements	
Risk Description	Our Responses
<p>Revenue from sale of goods Rs. 1,591.6 Mn is recognized when control has been transferred to the buyer for the year ended 25th December 2025.</p> <p>Under Auditing Standards, we are required to consider that the fraud risk from revenue recognition is a significant risk. We identified revenue recognition as a key audit matter because of its significance to the financial statements. We focused on whether transactions have been recorded in the period in which the Company becomes entitled to record revenue in accordance with SLFRS 15.</p>	<p>Our audit procedures included</p> <ul style="list-style-type: none"> Obtaining an understanding of and assessing the design, implementation and operating effectiveness of key controls in respect of the Company's revenue recognition process. Inspecting invoices raised to customers on a sample basis, to ensure revenue is measured and recognized in accordance with the contractual terms of the contracts and the Company's accounting policies. Comparing on a sample basis, specific revenue transactions recorded before and after the financial year end date within underlying advice of dispatch and/or invoices to assess whether the related revenue had been recorded in the correct accounting period. Assessing the adequacy of financial statements disclosures.

Other information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SLAuSs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Independent Auditor's Report (Contd.)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by section 163 (2) of the Companies Act No. 07 of 2007, we have obtained all the information and explanations that were required for the audit and, as far as appears from our examination, proper accounting records have been kept by the Company.

CA Sri Lanka membership number of the engagement partner responsible for signing this independent auditor's report is 2618.

Mr. U. L. Pushpakumara

Finance Manager / Director

The Board of Directors is responsible for the preparation and presentation of these financial statements.

Approved and signed for and on behalf of the Board of Directors.

(Sgd).

Mr. Kosala M. Dissanayake

Chairman

18th May 2026

(Sgd).

Mr. H. A. D. U. G. Gunasekera

Director

Statement of Changes in Equity

For the year ended 25 th December,	Note	Stated capital (Rs.'000)	Retained earnings (Rs.'000)	Total (Rs.'000)
Balance as at 26 th December 2023		15,000	1,095,566	1,110,566
Total comprehensive income for the year				
Profit for the year		-	239,322	239,322
Other comprehensive expense, net of tax	10.2		(1,756)	(1,756)
Total comprehensive income		-	237,566	237,566
Transaction with owners of the Company				
Final dividend - 2023 (Rs. 27.00)		-	(40,500)	(40,500)
Interim dividend - 2024 (Rs. 27.00)		-	(40,500)	(40,500)
Total transaction with owners of the Company			(81,000)	(81,000)
Balance as at 25th December 2024		15,000	1,252,132	1,267,132
Total comprehensive income for the year				
Profit for the year		-	275,046	275,046
Other comprehensive income, net of tax	10.2	-	74	74
Total comprehensive income		-	275,120	275,120
Transaction with owners of the Company				
Final dividend - 2024 (Rs. 36.00)		-	(54,000)	(54,000)
Interim dividend - 2025 (Rs. 38.00)		-	(57,000)	(57,000)
Dividend Fortified			2,976	2,976
Total transaction with owners of the Company		-	(108,024)	(108,024)
Balance as at 25th December 2025		15,000	1,419,228	1,434,228

The notes form an integral part of these financial statements.

Figures in bracket indicate deductions

Statement of Cash FlowsFor the year ended 25th December,

	Note	2025 (Rs.'000)	2024 (Rs.'000)
Cash flows from operating activities			
Profit before tax		392,580	342,899
Adjustments for:			
Depreciation of property, plant and equipment	13	18,694	15,722
Depreciation of investment property	14	3,277	3,277
(Reversal) / Charge of impairment on trade receivables	16.1	(11,153)	9,101
Provision for retirement benefit obligation - Funded	20.2	1,125	1,020
Expected return on retirement benefit assets	20.1	(709)	(747)
Provision for retirement benefit obligation - Unfunded	20.5	3,300	2,964
Gain on disposal of property, plant and equipment	6.1	(6,699)	(23)
Unrealized exchange loss/ (gain) on foreign currency		234	881
Write-down of inventory to net realizable value	15.2	-	4,459
Reversal of inventory provision	15.1	-	(2,343)
Interest income	8.1	(44,177)	(32,990)
Interest expense	8.2	830	287
		357,302	344,507
Changes in:			
Decrease in inventories		8,970	90,780
Increase in trade and other receivables		(9,046)	(77,030)
Decrease in trade and other payables		(17,852)	(540)
		339,374	357,717
Cash generated from operating activities			
Retirement benefit paid - funded obligation	20.2	-	-
Retirement benefit paid by the plan	20.1	-	-
Retirement benefit paid - unfunded obligation	20.5	(2,232)	(1,201)
Income tax paid	24	(105,991)	(103,141)
Interest paid	23.1	(830)	(557)
		230,321	252,818
Net cash flows generated in operating activities			
Cash flows from investing activities			
Purchase and construction of property, plant and equipment.	13	(140,634)	(9,548)
Purchase and construction of investment in properties	14	(216)	-
Proceeds from disposal of property, plant and equipment	6.1	6,806	23
Contribution paid to plan assets	20.1	(37)	(29)
Loans granted to company officers	16.3	(1,150)	(2,000)
Loan repayments by company officers	16.3	1,425	1,499
Withdrawal of financial assets - long term	18.1	40,000	5,000
Withdrawal of financial assets - short term	18.2	264,505	-
Investment in financial assets - long term	18.1	(255,857)	-
Investment in financial assets - short term	18.2	(8,400)	(214,011)
Interest received	16.2	36,823	30,361
		(56,735)	(188,705)
Net cash flows used in investing activities			
Cash flows from financing activities			
Loans obtained during the year	22.1	491,486	672,633
Repayment of loans during the year	22.1	(491,486)	(672,633)
Dividends paid	25	(114,148)	(75,965)
		(114,148)	(75,965)
Net cash flows used in financing activities			
Net increase / (decrease) in cash and cash equivalents		59,438	(11,852)
Cash and cash equivalents at the beginning of the year	17	71,268	83,120
Cash and cash equivalents at the end of the year		130,706	71,268
Total cash and cash equivalents for the purpose of cash flow statement			
Favorable cash and cash equivalent balances	17.1	130,706	71,376
Unfavorable cash and cash equivalent balances	17.2	-	(108)
		130,706	71,268

Notes to the Financial Statements

1. CORPORATE INFORMATION

1.1 Reporting entity

Union Chemicals Lanka PLC (“Company”) is a Public Limited Liability Company incorporated and domiciled in Sri Lanka. The registered office of the Company and the principal place of business is situated at No.4, 5th Floor, Tickell Road, Colombo 08.

1.2 Principal activities and nature of operations

The principal activities of the Company are manufacturing and marketing of a wide range of polyvinyl/acrylic emulsions for the paint and textile industries in Sri Lanka and for industrial and domestic use as adhesives.

The Company also indents, imports and markets a diverse range of products such as specialty solvents, polyolefins, coating resins, surfactants, personal care products etc., which are manufactured by the Dow Chemicals Company, USA and its affiliates worldwide.

There were no significant changes in the nature of principal activities of the Company during the financial year.

1.3 Parent enterprise and ultimate parent enterprise

There is no identifiable parent and ultimate parent Company.

1.4 Number of employees

The number of employees at the end of the year was 40 (2024 - 39).

1.5 Responsibilities for financial statements and approval of financial statements

The Board of Directors is responsible for preparation and fair presentation of the financial statements of the Company as per the provision of Companies Act No. 07 of 2007 and Sri Lanka Accounting Standards. The financial statements for the year ended 25th December 2025 were authorized for issue in accordance with resolution of the Board of Directors on 18th May 2026.

2. BASIS OF PREPARATION

2.1 Statement of compliance

The Financial Statements of the Company, have been prepared and presented in accordance with the Sri Lanka Accounting Standards (SLFRSs and LKASs), laid down by the Institute of Chartered Accountants of Sri Lanka. These Financial Statements, except for information on cash flows, have been prepared following accrual basis of accounting.

2.2 Statement of presentation

The Financial Statements of the Company have been presented in compliance with the requirements of the Companies Act No. 07 of 2007 and provide appropriate disclosures as required by the Listing Rules of the Colombo Stock Exchange.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for defined benefit plan which is measured at the present value of retirement benefit obligations as explained in Note 20 to the Financial Statements.

2.4 Functional and presentation currency

The financial statements are presented in Sri Lankan Rupees which is the Company’s functional currency. All financial information presented in Sri Lankan Rupees has been given to the nearest thousand, unless stated otherwise.

2.5 Use of estimates and judgments

The preparation of the financial statements in conformity with SLFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Judgments and estimates are based on historical experience and other factors, including expectations that are believed to be reasonable under the circumstances. Hence actual results may differ from those estimates and judgmental decisions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements is included in the following Notes:

Note 13 – Depreciation

Note 15 – Net realizable value of inventory

Note 16 – Measurement of ECL allowance for trade receivables

Note 20 – Measurement of retirement benefit obligations

Note 21 – Deferred tax liability

Note 28 – Provisions, commitments and contingencies

2.6 Measurement of fair values

A number of the Company’s accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company regularly reviews significant unobservable inputs and valuation adjustments. If third party information is used to measure fair values, the Company assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of SLFRS, including the level in the fair value hierarchy in which such valuations should be classified.

Notes to the Financial Statements (Contd.)

Significant valuation issues are reported to the Company's Audit Committee.

When available, the Company measures the fair value of an instrument using quoted prices in an active market for that instrument. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted market price (unadjusted) in an active market for an identical instrument.

Level 2: Valuation techniques based on observable inputs, either directly- i.e. as prices or indirectly- i.e. derived from prices. This category includes instruments valued using: quoted market prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques where all significant inputs are directly or indirectly observable from market data.

Level 3: Valuation techniques using significant unobservable inputs. This category includes all instruments where the valuation technique includes input not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. That category includes instruments that are valued based on quoted prices for similar instruments where significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the fair values is included in Note 27.

2.7 Materiality and aggregation

Each material class of similar items is presented separately in the financial statements. Items of dissimilar nature or function are presented separately unless they are immaterial as permitted by the Sri Lanka Accounting Standard – LKAS 1 on 'Presentation of Financial Statements' and amendments to the LKAS 1 on 'Disclosure Initiative'.

2.8 Going concern

The Directors have made an assessment of the Company's ability to continue as a going concern and is satisfied that it has the resources to continue in business for the foreseeable future.

In determining the basis of preparing the Financial Statements for the year ended 25th December 2025, based on available information, the management has assessed the prevailing uncertain and volatile macroeconomic environment, its

impact on the Company, and the appropriateness of the use of the going concern basis.

Furthermore, the Management is not aware of the material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

3. MATERIAL ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all the periods presented in these financial statements and have been applied consistently by the Company, unless otherwise stated.

3.1 Foreign currency

3.1.1 Foreign currency transactions

Transactions in foreign currency are translated to Sri Lanka Rupees at the foreign exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date.

Foreign exchange differences arising on the settlement or reporting of the Company's monetary items at rates different from those which were initially recorded are dealt with in the profit or loss.

Non-monetary assets and liabilities that are denominated in foreign currencies that are stated at historical cost at the reporting date are translated to functional currency at the foreign exchange rate prevailing at the date of initial transaction.

Non-monetary assets and liabilities that are stated at fair value, denominated in foreign currencies are translated into the functional currency at the exchange rate prevailing at the dates that the value was determined. Foreign exchange differences arising on translation are recognized in the profit or loss.

3.2 Financial instruments

3.2.1 Recognition and initial measurement

A financial instrument is any contract that gives rise to a financial asset of one entity and financial liability or equity instrument of another entity.

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset (unless it is a trade receivable without a significant financing component) or financial liability is initially measured at fair value plus, for an item not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue. A trade receivable without a significant financing component is initially measured at the transaction price.

Notes to the Financial Statements (Contd.)

3.2.2 Classification and subsequent measurement

3.2.2.1 Financial assets

A. Financial asset- classification

On initial recognition, a financial asset is classified as measured at: amortised cost.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

B. Financial assets - Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

C. Financial assets - Assessment whether contractual cash flows are solely payments of principal and interest.

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers :

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable-rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

D. Financial assets - subsequent measurement and gains and losses

Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.
------------------------------------	--

Notes to the Financial Statements (Contd.)

E. Financial assets- Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expired; it transfers the right to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset.

The Company enters into transactions whereby it transfers assets recognized in its statement of financial position, but retains either all or substantially all of the risk and rewards of the transferred assets. In these cases, the transferred assets are not derecognized.

3.2.2.2 Financial liabilities

A. Financial liabilities: Classification, subsequent measurement and gain and losses

Financial liabilities are classified as measured at amortised cost or FVTPL.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

B. Financial liabilities- Derecognition

The Company derecognizes a financial liability when its contractual obligations are discharged, cancelled or expired. The company also derecognizes a financial liability when its terms are modified and the cash flows of the financial liability are substantially different. In which case a new financial liability based on the modified terms is recognized at fair value.

On Derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non cash transferred or liabilities assumed) is recognized in profit or loss.

3.3 Impairment

Non-derivative financial assets

Financial instruments

The Company recognises loss allowances for Expected Credit Losses (ECL) on:

- financial assets measured at amortised cost;

The Company measures loss allowances at an amount equal to lifetime ECLs, except for the following, which are measured at 12-month ECLs:

- debt securities that are determined to have low credit risk at the reporting date; and

- other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables is always measured at an amount equal to lifetime ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than 90 days past due.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is more than 365 days past due.

Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument.

12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

• Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Company expects to receive).

ECLs are discounted at the effective interest rate of the financial asset.

• Credit-impaired financial assets

At each reporting date, the Company assesses whether financial assets are credit impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

Notes to the Financial Statements (Contd.)

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being more than 365 days past due;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market to a security because of financial difficulties.

- **Presentation of allowance for ECL in the statement of financial position**

Loss allowances for financial assets measured at amortised cost are deducted from the gross carrying amount of the assets.

- **Write-off**

The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. A provision is recognized in the Statement of Financial Position for individual customers, when the gross carrying amount of financial asset is 365 days past due based on historical experience of recoveries of similar assets.

For corporate customers, the Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures to recovery of amounts due.

3.4 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects..

3.5 Property, plant and equipment

Property, plant and equipment are tangible items that are held for servicing, or for use in the production or supply of goods or services, or for administrative purposes and are expected to be used during more than one period.

3.5.1 Basis of recognition

Property, plant & equipment are recognized if it is probable that future economic benefits associated with the assets will flow to the company and cost of the asset can be reliably measured.

3.5.2 Basis of measurement

An item of Property, Plant & Equipment that qualifies for recognition as an asset is initially measured at its cost.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other cost directly attributable in bringing the asset to a working condition for its intended use, and the cost of dismantling and removing the items and restoring the site on which they are located.

Purchased software that is integrated to the functionality of the related equipment is capitalized as part of that equipment.

Expenditure on repairs or maintenance of property, plant and equipment made to restore or maintain future economic benefits expected from the assets has been recognized as an expense when incurred.

3.5.3 Subsequent expenditure

The cost of replacing a part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The cost of the day-to-day servicing of property, plant and equipment are charged to profit or loss as incurred.

3.5.4 Depreciation

Depreciation is calculated over the depreciable amount, which is the cost of an asset or other amount substituted for cost, less its residual value.

Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of each part of an item of Property, Plant & Equipment, since this most closely reflected the expected pattern of consumption of the future economic benefits embodied in the asset. Freehold land is not depreciated.

The estimated useful lives for the current and comparative periods are as follows:

Improvements to land	20 years
Buildings	25 years
Plant and machinery	15 years
Furniture and fittings	10 years
Computer hardware	6 years
Motor vehicles	3 years

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

Notes to the Financial Statements (Contd.)

Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale and the date that the asset is derecognized.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.5.5 Derecognition

An item of property, plant & equipment is derecognized upon disposal of or when no future economic benefits are expected from its use or disposal. Gains and losses arising on derecognition of the asset are determined by comparing the proceeds from disposal with the carrying amount of property, plant & equipment and are recognized net within 'other income' in profit and loss.

3.5.6 Capital work in progress

Capital expenses incurred during the year which are not completed as at the reporting date are shown as Capital work-in-progress, whilst the capital assets which have been completed during the year and put to use have been transferred to property, plant & equipment.

3.6 Investment properties

Investment properties are tangible items that are not held for servicing, or for use in the production or supply of goods or services, or for administrative purposes and are expected to be rent to others during more than one period.

3.6.1 Basis of recognition

A property that is held to earn rentals or for capital appreciation or both rather than for use in the production or supply of goods or services or for administrative purposes; or sale in the ordinary course of business, by the Company is accounted for as investment properties.

Investment properties, plant & equipment are recognized if it is probable that future economic benefits associated with the assets will flow to the company and cost of the asset can be reliably measured.

3.6.2 Basis of measurement

An investment property is measured initially at its cost. The cost of a purchased investment property comprises of its purchase price and any directly attributable expenditure. The cost of a self-constructed investment property is measured at its cost at the date when the construction or development is complete.

The Company applies the cost model for investment properties in accordance with Sri Lanka Accounting Standard (LKAS40) - "Investment property". Accordingly, land classified as investment properties are stated at cost less any accumulated impairment losses and buildings classified as investment properties are stated at cost less any accumulated depreciation and any accumulated impairment losses.

3.6.3 Subsequent expenditure

The cost of replacing a part of an item of investment property is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The cost of the day-to-day servicing of investment property is charged to profit or loss as incurred.

3.6.4 Depreciation

Depreciation is calculated over the depreciable amount, which is the cost of an asset or other amount substituted for cost, less its residual value.

Depreciation is recognized in profit or loss on a straight-line basis over the estimated useful lives of investments property, since this most closely reflected the expected pattern of consumption of the future economic benefits embodied in the asset. Freehold land in investments property is not depreciated.

The estimated useful lives for the current and comparative periods is 25 years.

Depreciation of an investment's property begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation of an asset ceases at the earlier of the date that the investments property is classified as held for sale and the date that the asset is derecognized.

Depreciation methods, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

3.6.5 Derecognition

An item of investment's property is derecognized upon disposal of or when no future economic benefits are expected from its use or disposal. Gains and losses arising on derecognition of the asset are determined by comparing the proceeds from disposal with the carrying amount of investment's property is recognized net within 'other income' in profit and loss.

3.7 Inventories

Inventories are measured at the lower of cost and net realizable value, after making due allowances for obsolete and slow moving items. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and selling expenses. Company assess the NRV by giving consideration to future demand and condition of inventory and make adjustments to the value by making required provisions.

Notes to the Financial Statements (Contd.)

The cost of each category of inventory is determined on the following basis :

Raw Materials	- At actual cost on weighted average basis
Finished Goods, Work-in-Progress & Semi Finished Goods	- At the cost of direct materials, direct labour and a appropriate proportion of production overheads based on normal operating capacity
Goods-in-Transit	- At actual cost
Allowance for Impairment	- All inventory items are tested for impairment periodically
Machinery Spare Parts	- At actual cost

3.7.1 Goods in transit

Inventory items shipped, but not received by the Company as at the reporting date are treated as goods-in transit. In such situations, estimates are made for unpaid bills in order to value goods-in-transit.

3.8 Liabilities and provisions

Liabilities classified as current liabilities on the Statement of Financial Position are those, which fall due for payment on the demand or within one year from the reporting date. Non-current liabilities are those balances that fall due for payment after one year from the reporting date.

All known liabilities have been accounted for in preparing the Financial Statements. Provisions and liabilities are recognised when the Company has a legal or constructive obligation as a result of past events and it is probable that an outflow of economic benefits will be required to settle the obligations.

3.8.1 Provisions

A provision is recognized in the Statement of Financial Position when the company has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefits will be required to settle the obligation and the amount of the provision can be measured reliably in accordance with LKAS 37 - 'Provisions, contingent liabilities and contingent assets'. The amount recognized is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation at the date. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is determined based on the present value of those cash flows.

3.9 Capital commitments and contingencies

Contingent liabilities are possible obligations whose existence will be confirmed only by uncertain future events or present obligations where the transfer of economic benefits is not probable or cannot be reliably measured.

Capital commitment and contingent liabilities of the Company are disclosed in the respective notes to the Financial Statements.

3.10 Employee benefits

3.10.1 Short term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short-term cash bonus if the Company has a present legal or constructive obligation to pay this amount as a result of past services provided by the employee and the obligation can be measured reliably..

3.10.2 Defined contribution plans - employees' provident fund & employees' trust fund

A defined contribution plan is a post- employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Employees are eligible for contributions to Employees' Provident Fund and Employees' Trust Fund in line with the respective statutes and regulations. The Company contributes 12% and 3% of gross emoluments of employees to the Employees' Provident Fund and the Employees' Trust Fund respectively, and is recognized as an expense in profit and loss in the periods during which services are rendered by employees.

3.10.3 Defined benefit plan - retirement gratuity

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The plan asset and liability recognized in the Statement of Financial Position at the present value as at the reporting date.

Provision for gratuity of the employees of the company are based on actuarial valuation for the employees who completed one year of services.

An actuarial valuation was carried out by a professionally qualified firm of actuaries, as at 25th December 2025 for the recognition of the Company's Retirement Benefit Plan. The valuation method used by the actuary is 'Projected Unit Method'. Any gains and losses arising from actuarial valuation that arise in calculating the obligation in respect of employee benefits are recognized in Other Comprehensive Income.

Provision has been made in the financial statements for retiring gratuities payable under the Payment of Gratuity Act No. 12 of 1983 to all employees including those who have less than 5 years of continued service with the Company.

However, under payment of Gratuity Act No. 12 of 1983, the liability to an employee arise only on completion on 5 years of continuous service.

Union Chemicals Lanka PLC has obtained an insurance policy to meet the retiring gratuity payments to its employees who were in services from December 1992 to December 1999.

Notes to the Financial Statements (Contd.)

The liability is funded by the policy which meets the criteria mentioned in LKAS 19, to classify as a qualifying insurance policy.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in profit or loss. The Company recognized gains and losses on the settlement on defined benefit plan when the settlement occurs.

To cover the company employee's gratuity liability, maintains a gratuity cash accumulation policy with AIA Insurance Lanka Ltd is in charge of managing the defined benefit plan for Union Chemicals Lanka PLC's 5 employees. AIA Insurance Lanka Ltd will give a gratuity to a departing employee on the day of the person's retirement or departure from the Company.

Statement of profit or loss and other comprehensive income

3.11 Revenue recognition

Performance obligations and revenue recognition policies

As per the standard, revenue is measured based on the consideration specified in a contract with a customer. The Company recognizes revenue when it transfers control over a good or service to a customer. Determining the timing of the transfer of control at a point in time or over time require judgment.

The following specific criteria are used for the purpose of recognition of revenue;

(a) Sale of goods

Revenue from the sale of goods is recognized when the control of ownership of the goods have passed to buyers, the recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably. Revenue is measured net of returns and trade discounts.

The Company recognizes revenue from customers as and when the goods are delivered to the customers.

(b) Disaggregation of revenue

SLFRS 15 requires an entity to disaggregate revenue from contracts with customers into categories that depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors. The Company's contracts with customers are similar in nature and revenue from these contracts are not significantly affected by economic factors apart from exports sales. The Company believes objective of this requirement will be met by using one type of category – Product type. (Refer Note 5)

(c) Gain on disposal of property, plant and equipment

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the net sales proceeds with the carrying amounts of property, plant & equipment and are recognized net within "other income" in profit and loss.

(d) Other income

Indent income, comprising commissions earned by the entity as an intermediary for facilitating transactions between buyers and sellers without taking ownership of the goods, is recognized as other income in the statement of profit or loss when the entity satisfies its performance obligations, typically upon completion of the transaction and establishment of the right to receive payment.

Rent income from investment property is recognized as other income in the statement of profit or loss using the accrual basis of accounting.

Income from scrap material sales, arising from the sale of by-products, waste, or residual materials generated during production or other operations, is recognized as other income in the statement of profit or loss when control of the scrap materials transfers to the buyer.

Gains or losses on the disposal of property, plant, and equipment and other non-current assets are determined by comparing the net sales proceeds with the carrying amount of the asset and are recognized net as other income or expense in the statement of profit or loss.

3.12 Expenditure recognition

Expenses are recognized in Profit and Loss on the basis of a direct association between the cost incurred and the earning of specific items of income. All expenditure incurred in the running of the business and in maintaining the Property, Plant & Equipment in a state of efficiency has been charged to income in arriving at the profit for the year.

For the purpose of presentation of the Income Statement, the Directors are of the opinion that 'function of expenses method' presents fairly the elements of the Company's performance and hence such presentation method is adopted.

3.13 Finance income and finance costs

Finance income comprises interest income on funds invested and which is recognized as it accrues in Profit or Loss, using the effective interest method. Finance cost comprises interest expense on borrowings and impairment losses recognized on financial assets (Other than trade receivables).

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognized in Profit or Loss using the effective interest method. Foreign currency gains and losses are reported on a net basis as either finance income or finance cost, depending on whether foreign currency movements are in net gain or net loss position.

Notes to the Financial Statements (Contd.)

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to;

- The gross carrying amount of the financial asset; or
- The amortized cost of the financial liability

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when asset is not credit impaired) or to the amortised cost of the liability. However, the financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit impaired, then the calculation of interest income reverts to the gross basis.

3.14 Income tax

Income tax expense comprises both current and deferred tax. Income tax expense is recognized in profit or loss, except to the extent that it relates to items recognized directly in equity, or in Other Comprehensive Income, in which case it is recognized in equity as other comprehensive income.

(a) Current tax

The current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the Reporting date and any adjustment to tax payable in respect of previous years.

The provision for income tax on the Company's operation is based on the elements of income and expenditures reported in the Financial Statements and computed with in accordance with the provisions of the Inland Revenue Act No. 24 of 2007.

Taxation for the current and previous periods to the extent unpaid is recognised as a liability in the financial statements. When the amount of taxation already paid in respect of current and prior periods exceeds the amount due for those periods, the excess is recognised as an asset in the financial statements.

(b) Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Company expects, at the end of the reporting period to cover or settle the carrying amount of its assets and liabilities.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that the future taxable profits will be available against which they can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized, based on the level of future taxable profit forecasts and tax planning strategies.

3.15 Events after reporting period

All material events after the Reporting date have been considered and where necessary adjustments or disclosures have been made in these the Financial Statements.

3.16 Earnings per share

Earnings per share represent basic and diluted earnings per share data for ordinary shares. Basic earnings per share is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, for the effects of all dilutive potential ordinary shares.

3.17 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating results are reviewed regularly by the Company's Chief Executive Officer (CEO) to make decisions regarding resources to be allocated to the segments and to assess its performance and for which discrete finance information is available.

Segment results that are reported to the Company CEO include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

Segment capital expenditure is the total cost incurred during the period to acquire Property, Plant and Equipment and intangible assets other than goodwill.

Segment information is presented in the respective Notes to the Financial Statements.

3.18 Cash flow statements

The cash flow statement has been prepared using the 'indirect method' in accordance with Sri Lanka Accounting Standard - LKAS 7 on 'Statement of Cash Flows'.

Notes to the Financial Statements (Contd.)

Cash and cash equivalent comprise cash in hand and cash at bank that are readily convertible to known amount of cash and subject to an insignificant risk of change in value.

Interest received and dividends received are classified as investing cash flows, while dividend paid is classified as financing cash flows and interest paid is classified under the operating cash flows for the purpose of presentation of Cash Flow Statement.

Bank overdrafts that are re-payable on demand and forming an integral part of the Company's cash management are included as a component of cash and cash equivalent for the purpose of the Statement of Cash Flows.

4 NEW ACCOUNTING STANDARDS ISSUED BUT NOT YET EFFECTIVE AS AT THE REPORTING DATE

A number of new standards are effective for annual periods beginning on or after 26th December 2025 and earlier application is permitted. However, the Company has not early adopted the new or amended standards in preparing these financial statements.

A. SLFRS 18 Presentation and Disclosure in Financial Statement

SLFRS 18 will replace LKAS 1 Presentation of Financial Statements and applies for annual reporting periods beginning on or after 1st January 2027. The new standard introduces the following key new requirements.

- Entities are required to classify all income and expenses into five categories in the statement of profit or loss, namely the operating, investing, financing, discontinued operations and income tax categories. Entities are also required to present a newly defined operating profit subtotal. Entities' net profit will not change.
- Management-defined performance measures (MPMs) are disclosed in a single note in the financial statements.
- Enhanced guidance is provided on how to group information in the financial statements.

In addition, all entities are required to use the operating profit subtotal as the starting point for the statement of cash flows when presenting operating cash flows under the indirect method.

B. Other accounting standards

The following new and amended accounting standards are not expected to have a significant impact on the financial statements.

- Classification and Measurement of Financial Instruments (Amendments to SLFRS 9 and SLFRS 7)

C. General requirements for disclosure of sustainability related financial information (SLFRS S1) and climate related disclosures (SLFRS S2)

In June 2023 the International Sustainability Standards Board (ISSB) released its first two sustainability disclosure standards, IFRS S1 and IFRS S2. During the year, CA Sri Lanka issued the localized standards based on these IFRSs designated as SLFRS S1 SLFRS S2. These standards will become effective for the Company from 1st January 2026. No financial impact is expected on the Company except for additional disclosures.

Note to the Financial Statements (Contd.)

Current tax on the profit for the year	30%	113,234	30%	104,477
Under provision for taxation	0%	621	-	-
Charge /(reversal) of deferred tax	1%	3,679	0%	(901)
Total income tax expense	30%	117,534	30%	103,576

11. Earnings per share - Basic and Diluted

Basic earnings per share is calculated by dividing the profit for the year attributable to the ordinary shareholders by the weighted average number of ordinary shares outstanding during the year.

	2025	2024
Profit attributable to the owners of the Company (Rs '000)	275,046	239,322
Weighted average number of ordinary shares ('000)	1,500	1,500
Basic earnings per share from continuing operations (Rs.)	183.36	159.55

There were no potentially dilutive ordinary shares in issue at any time during the year/previous year. Hence diluted earning per share is same as the basic earning per share.

Note to the Financial Statements (Contd.)

For the year ended 25th December,

12. Dividend per share	2025	2024
Dividend per share (Rs.)	82.00	63.00

The First Interim Dividend of Rs. 38/- per share (2024 -Rs. 27/-) for the financial year ended 25th December, 2025 has been paid to the Shareholders of the Company on 7th November, 2025.

Directors have proposed a final dividend of Rs. 44.00 per share (2024 -Rs. 36.00) for the year ended 25th December 2025., which will be declared at the Annual General Meeting to be held on 12th June 2026. In accordance with LKAS 10, Events after the Reporting period, this proposed final dividend has not been recognised as a liability as at 25th December 2025, but in computing the dividend per share this proposed dividend has been taken into consideration.

As at 25th December,

13. Property, plant, and equipment

Present value of funded obligation	20.2	9,205	8,036
Present value of unfunded obligation	20.5	18,470	17,399
Total present value of obligation		27,675	25,435
Fair value of plan assets	20.1	(7,990)	(7,092)
Total present value of obligation		19,685	18,343

The Actuarial valuation was carried out by professionally qualified independent actuary Mr. K. Arumugam, Fellow Member, Institute of Actuaries of India, of Messers, Actuarial & Management Consultants (Pvt) Ltd. as at 25th December 2025. The valuation method used by the Actuaries to value is the 'Project Unit Credit Method' (PUC) the method recommended by LKAS 19 'Employee Benefits'.

Externally funded policy was purchased from AIA Insurance Lanka Ltd., which covered 5 employees of the Company (2024-5 employees). The plan is funded by a policy obtained from AIA Insurance Lanka Ltd.,. This policy meets the criteria mentioned in Sri Lanka Accounting Standard LKAS 19 - Employee Benefits, to classify it as a qualifying insurance policy.

The contributions to the fund by the Company are based on actuarial valuations carried out by AIA Insurance Lanka Ltd. The Company expects to pay Rs. 0.48 Mn. as contributions to its plan assets for the period ended 25th December 2026. Employees are not required to contribute to this fund.

Note to the Financial Statements (Contd.)

The amounts recognised in the statement of financial position are determined as follows :

As at 25 th December,		2025	2024
	Note	(Rs.'000)	(Rs.'000)
20.1	Fair value of retirement benefit assets		
	Fair value of plan assets as at the beginning of the year	7,092	6,231
	Expected return on plan assets	20.3	709
	Contribution paid into plan assets	37	29
	Benefit paid by the plan	-	-
	Actuarial gain	152	85
	Fair value of plan assets as at the end of the year	7,990	7,092
20.2	Present value of funded obligation		
	Balance as at the beginning of the year	8,036	6,294

	Gratuity paid during the period	-	-
	Actuarial loss	44	722
	Balance as at the end of the year	9,205	8,036
20.3	Amounts recognised in the statement of profit or loss - Funded		
	Interest cost	804	755
	Current service cost	321	265
	Provision for the year	1,125	1,020
	Expected return on plan assets	(709)	(747)
	Total expenses recognised in the statement of profit or loss	416	273
20.4	Present value of funded obligation (net)		
	Fair value of retirement benefit assets	20.1	7,990
	Present value of funded obligation	20.2	(9,205)
	Present value of net obligation	(1,215)	(944)
20.5	Present value of unfunded obligation		
	Balance as at the beginning of the year	17,399	13,765
	Provision for the year	20.5.1	3,300
	Gratuity paid during the period	(2,232)	(1,201)
	Actuarial loss/(gain)	3	1,871
	Present value of defined benefit obligation	18,470	17,399

Note to the Financial Statements (Contd.)

As at 25 th December,	2025	2024
Note	(Rs.'000)	(Rs.'000)
20.5.1 Amount recognised in the statement of profit or loss - Unfunded		
Interest cost	1,741	1,652
Current service cost	1,559	1,312
Total expenses recognised in the statement of profit or loss	3,300	2,964
20.6 Gain or loss recognised in other comprehensive income		
Actuarial gain - Retirement benefit assets	(152)	(85)
Actuarial loss - Funded obligation	44	722
Actuarial loss - Unfunded obligation	3	1,871
Total actuarial (gain) /loss	(105)	2,508

Key Assumptions	2025	2024
<i>Principal actuarial assumption as at 25th December,</i>		
Rate of discount	10%	10%
Expected salary increment	10%	10%
Staff turnover factor	7.5%	7.5%

Retirement age is determined by the minimum retirement age of workers Act No.28 of 2021. the retirement age is determined for employees who are not covered under the insurance policy is 65 years. The discount rate of 10% as at 25th December 2025, was determined with reference to applicable market interest rates on Government securities based on weighted average duration of RBO adjusted for anticipated long-term rate at inflation and other factors where applicable. The employee who are aged over the specified retirement age have been assumed to retire on their respective birthday. Further, the salary increment rate of 10% is considered appropriate to be in line with the Company's targeted future salary increments when taking into account the current market conditions and inflation rate.

The Company will continue as a going concern.

20.7 Demographic Assumptions

In addition to the above, demographic assumptions such as mortality, withdrawal and disability, and retirement age were considered for the actuarial valuation. "A 1967/07 mortality table" issued by the Institute of Actuaries, London was used to estimate the gratuity liability of the Company.

Note to the Financial Statements (Contd.)

20.8 Sensitivity analysis

Reasonably possible changes as at the Reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below :

As at 25 th December	2025		2024	
	Increase (Rs.'000)	Decrease (Rs.'000)	Increase (Rs.'000)	Decrease (Rs.'000)
Discount Rate (1% Movement)	(1,411)	1,541	(1,351)	1,484
Future Salary (1% Movement)	1,659	(1,542)	1,592	(1,471)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied when calculating the retirement benefit obligations recognised within the statement of financial position.

20.9 Maturity analysis of the payments

The following payments are expected on defined benefit obligations in future years.

As at 25 th December,		2025			2024		
		Employees covered under Insurance Policy	Employees not covered under Insurance Policy	Total	Employees covered under Insurance Policy	Employees not covered under Insurance Policy	Total
Within next 12 months	(Rs.'000)	2,181	1,330	3,511	547	2,405	2,952
Between 1 and 2 years	(Rs.'000)	146	938	1,084	1,869	876	2,745
Between 2 and 5 years	(Rs.'000)	240	6,807	7,047	239	4,606	4,845
Between 5 and 10 years	(Rs.'000)	6,638	3,144	9,782	5,381	4,331	9,712
Over 10 years	(Rs.'000)	-	6,251	6,251	-	5,182	5,182
Total	(Rs.'000)	9,205	18,470	27,675	8,036	17,400	25,436
No employees		5	35	40	5	34	39
Weighted average duration in years of defined benefit obligation		5	6	6	5	7	6

Note to the Financial Statements (Contd.)As at 25th December,**20.10 The composition of insurance plan asset****The investment portfolio of AIA Insurance Lanka Ltd.**

As at 25 th December,	2025	2024
Government securities	93.62%	91.17%
Corporate bond	6.20%	8.49%
Fixed deposit	0.05%	-
Policy holder loans	0.12%	0.34%
	100%	100%
An interim return on plan assets of 13.68% was declared by AIA Insurance Lanka Ltd. for the year 2025. (Declared Dividend Rate for 2024 is 13.47%)		

21. Deferred tax liabilities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against tax liabilities and when the deferred income taxes relate to the same fiscal authority. The offset amounts are as follows :

	2025 (Rs.'000)	2024 (Rs.'000)
Movement of deferred tax liabilities		
Balance at the beginning of the year	15,846	17,499
Provision/ (reversal) recognised in profit or loss	3,680	(901)
Provision/(reversal) recognised in other comprehensive income	31	(752)
Balance at the end of the year	19,557	15,846

Deferred tax is provided using the liability method, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes based on the provision of the Inland Revenue (Amendment) Act No 45 of 2022. The deferred tax is calculated at the rate of 30% (2024 - 30%) for the Company as at 25th December 2025.

Note to the Financial Statements (Contd.)

As at 25th December,

21.1 Movement in deferred tax (assets) / liabilities

The movement in deferred tax assets and liabilities during the year, without taking into consideration the off setting of balances within the same tax jurisdiction, is as follows :

	2025		2024	
	Temporary Difference (Rs.'000)	Tax Effect on Temporary Difference (Rs.'000)	Temporary Difference (Rs.'000)	Tax Effect on Temporary Difference (Rs.'000)
Property, plant and equipment	81,561	24,468	81,793	24,538

Bank overdraft	17.2	-	108	108	-	-	-	-
Total financial liabilities		-	59,865	59,865	-	-	-	-

The management assessed that cash and cash equivalents, other financial assets, trade and other receivables, bank overdrafts, loans and borrowings, trade and payables, and dividend payables approximate their carrying amounts largely due to the short-term maturities of these instruments, hence fair value hierarchy is not applicable.

27.2 Financial risk management

This note presents information on the Company's exposure to each of the below risk categories, Company's objective, policies and processes for measuring and managing risk and the Company's management of capital.

27.2.1 Risk management framework

The risk management report on page 17 to 18 of this Annual Report explains the risk management framework of the Company.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risk faced by the Company, to set appropriate risks limits and controls and to monitor risks and adherence to limits.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board of Directors oversees how management monitor compliance with the Company's risk management policies and procedures and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

The Company has exposure to the following risks arising from financial instruments:

- 27.2.1.1 Credit Risk
- 27.2.1.2 Liquidity Risk
- 27.2.1.3 Market Risk

Note to the Financial Statements (Contd.)

27.2.1.1 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument failing to meet contractual obligations. Credit risk arises principally from the Company's receivables from customers.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was :

As at 25 th December,	Note	2025 (Rs. '000)	2024 (Rs. '000)
Trade and other receivables *	16	258,373	224,299
Other financial assets	16.3	1,544	1,819
Financial assets at amortised - non - current	18.1	255,857	40,000
Financial assets at amortised - current	18.2	83,045	339,150
Short term deposits	17.1	104,139	34,018
Cash at bank	17.1	26,092	36,883
Total		729,050	676,169

a) Trade and other receivables

Goods and services are provided on credit basis after proper credit evaluation of the customer. Credit approval is duly documented, reviewed and authorized by the senior management.

Company monitors receivables on regular intervals by reviewing segmental age analysis. The senior managers of their respective segments are responsible for collection of dues. The Company has obtained Rs. 3.15Mn. (2024 - 3.15 Mn.) bank guarantees against trade receivables. Goods and services are suspended in supplying for the receivable past dues. Receivables past dues are monitored by the Managing Director of the Company, goods & services are supplied only on his approvals on the basis of trade relationship and payment plan agreed.

The Company monitors the credit worthiness of all its customers prior to entering into credit terms and monitors the recoverability of its trade receivables on a regular basis. The Company customers settle dues within the credit term.

Loans are given to permanent confirmed employees and are deducted from the salaries as per the terms of granting the loan. Company has adequate security over the loans granted.

All receivables of the Company has a history of minimum rate of defaults and appropriate legal actions is taken where necessary to recover outstanding balances.

The movement in the allowance for impairment in respect of receivables during the year was as follows:

The movement in the allowance for impairment in respect of trade receivables during the year was as follows:

As at 25 th December,	Note	2025 (Rs. '000)	2024 (Rs. '000)
Balance as at the beginning of the year		13,647	4,546
Net impairment (reversal) / charge	16.1	(11,798)	9,101
As at the end of the year		1,849	13,647

Note to the Financial Statements (Contd.)

b) Expected credit loss assessment

The Company uses Expected Credit Loss (ECL) approach to impairment of its financial assets. This enables better credit risk reporting of financial instruments by carrying reasonably quantified default risk adjusted value of assets in the balance sheet.

Company applies experienced credit judgment taking in to account qualitative and quantitative factors that are indicative of the risk of default. Scalar factors are based on GDP forecast which are also incorporated to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and the Company's view of economic conditions over the expected recovery period.

The Company also assessed its financial instruments for Significant Increase in Credit Risk (SICR) with available, reasonable and supportable information including economic support and relief measures provided to counter parties.

Company has made all the effort to obtain independent external credit rating. Due to nature of the industry that Company operate and cost, credit ratings are not available of the customers that the Company is dealing with.

	As at 25 th December,	2025		2024		
		Note	Gross carrying amount (Rs. '000)	Loss allowance (Rs. '000)	Gross carrying amount (Rs. '000)	Loss allowance (Rs. '000)
Current (not past due)			181,078	127	168,725	56
1-30 days past due			33,004	146	23,850	57

More than 360 days past due			615	615	2,148	2,148
Total trade receivables & impairment	16		238,503	1,849	225,443	13,647

Company gradually recovering the overdue balance subsequent financial period and continue business relationship the customer.

During 2025, trade receivables amounting to Rs. 0.645Mn. were written of as uncollectible. The Company writes off receivable when recovery is no longer expected. No enforcement or recovery actions are undertaken once amounts are written off, in line with the Company's Policy past experience.

b)	As at 25 th December,	2025	2024
		(Rs. '000)	(Rs. '000)
Cash and cash equivalents			
Fitch rating			
Bank balance (Including short term deposits)			
AA-(lka)		81,297	-
A+(lka)		640	-
A(lka)		9,621	70,901
A-(lka)		47,073	-
		138,631	70,901

The cash and cash equivalents are held with reputed commercial banks.

27.2.1.2 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Note to the Financial Statements (Contd.)

27.2.1.2 Liquidity risk (Contd.)

Liquidity issues can have an adverse impact on ongoing operations as well as investment decisions of the Company. In order to minimise the risk, the Company regularly reviews its liquidity position and reports to the Board. Future cash requirements are ascertained through continuous rolling forecasts. Further, the expected cash inflows from trade receivables, outflows from trade payables and imports are closely monitored by the Board.

The Company also maintains excellent relationships with banks, it has dealings with and enjoy substantial banking facilities. The Company aims to maintain banking facilities in excess of expected funding requirement. The table below highlights the lines of credit and utilised facilities as at 25th December.

	Note	2025		2024	
		Utilisation (Rs.'000)	Facility amount (Rs.'000)	Utilisation (Rs.'000)	Facility amount (Rs.'000)
Import loans	22.1	-	610,000	-	610,000
Bank overdraft	17.2	-	167,500	-	167,500
Total borrowing utilization vs facility		-	777,500	-	777,500

This excludes the potential impact of extreme circumstances that cannot reasonably be predicted. Following are the remaining contractual maturities of financial liabilities, including estimated interest payments as at the end of the reporting period :

As at 25 th December, 2025		Contractual cash flow				
Line of credit	Note	Carrying amount (Rs.'000)	Total (Rs.'000)	One month (Rs.'000)	2 -12 Months (Rs.'000)	More than 12 Months (Rs.'000)
Trade and other payables	23	29,629	29,629	29,629	-	-
Dividend payables	25	6,492	6,492	6,492	-	-
Total line of credit		36,121	36,121	36,121	-	-

As at 25 th December 2024		Contractual cash flows				
Line of credit	Note	Carrying amount (Rs.'000)	Total (Rs.'000)	One month (Rs.'000)	2 -12 Months (Rs.'000)	More than 12 Months (Rs.'000)
Bank overdraft	17.2	108	108	108	-	-
Trade payable and other payables	23	47,141	47,141	47,141	-	-
Dividend payables	25	12,616	12,616	12,616	-	-
Total		59,865	59,865	59,865	-	-

Gross inflows/outflows disclosed in the table above represents the contractual undiscounted cash flows obtained on variable interest rates. Interest payments of these loans indicated in the table above reflect the present market interest rates at the period end and may vary according to changes in the market interest rates.

There were no covenants held by the Company on the loans obtained other than the normal payment settlement terms that exists when the loans are obtained.

Note to the Financial Statements (Contd.)

27.2.1.3 Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposure within the acceptable parameters, while optimising the return.

(a) Currency risk

The Company is exposed to currency risk through import credit obtained at differently-denominated currencies the Company transacts in. The primary denominations of currencies in which these transactions are conducted are USD. Given below is the summary of the import credit exposure as at 25th December;

As at 25 th December,	2025	2024
	USD	USD
Foreign trade payables	41,048	107,456
Spot rate was US\$ 1 Vs LKR	313.40	300.98

An increase or decrease of Sri Lankan Rupees as indicated below, against the major foreign currencies as at 25th December would have increased/(decreased) the equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant.

Sensitivity analysis of exchange rates

As at 25 th December,	2025	2024
	(Rs. '000)	(Rs. '000)
Increase by 5%	(13,508)	(33,959)
Decrease by 5%	13,508	33,959
Increase by 15%	(14,794)	(37,193)
Decrease by 15%	14,794	37,193

(b) Interest rate risk

The Company adopts a policy of ensuring borrowings are maintained at manageable levels while optimising returns. Interest rates are negotiated leveraging on the strength of the Company and there by ensuring the availability of cost-effective funding at all times, while minimising the negative effect of market fluctuations. In addition, Company has considerable banking facilities with several reputed banks which has enabled the Company to negotiate competitive rates.

Note to the Financial Statements (Contd.)

The interest rate profile of the Company's interest-bearing financial instruments as reported to the management of the Company is as follows.

	2025 (Rs. '000)	2024 (Rs. '000)
Fixed rate instruments		
Financial assets	443,041	413,168
Financial liabilities	-	-
	443,041	413,168
Variable rate instrument	-	-
Financial liabilities	-	-

Sensitivity analysis for variable rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

Increase by 100 BP	-	-
Decrease by 100 BP	-	-

The Company does not account for any variable rate financial asset and liabilities. Therefore a change in interest rates at the reporting date would not affect profit or loss.

27.3 Capital management

The Board's policy is to maintain a strong capital base to maintain confidence of the investors, creditors and the market while sustaining future development of the business. Capital consists of total equity. The Board of Directors monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Board of Directors seek to maintain a balance between higher returns facilitated through a higher level of borrowing and the benefits and security afforded by a sound capital position.

The capital structure of the Company consists of net debt (borrowings as detailed in Note 23 offset by cash and bank balances) and equity of the Company (comprising issued capital, reserves, retained earnings). The capital structure of the Company is reviewed by the Board of Directors. The gearing ratios are given below:

As at 25th December,

	Note	2025 (Rs. '000)	2024 (Rs. '000)
Gearing ratio			
Non - Current liabilities		47,232	41,281
Current liabilities		151,634	167,622
Total liabilities		198,866	208,903
Cash and bank balances	17.1	(130,706)	(71,376)
Net debt		68,160	137,527
Equity		1,434,228	1,267,132
Gearing ratio		5%	11%

28. Commitments and contingencies

28.1 Commitments

Letter of credits, affected and documents on acceptance for foreign purchases amounted to Rs. 755.6 Mn. (2024 – 164.8 Mn.)

28.2 Capital Commitments

There were no significant capital commitments other than Rs.13.7 Mn.(2024 – Nil.), which have been approved or contracted for by the Company as at the reporting date. Company has a contractual obligation for civil work of Rs 11.0 Mn and electrical work of Rs.2.7Mn. for property plant and equipment under construction.

Note to the Financial Statements (Contd.)

28.3 Contingencies

Outstanding litigation

Considering the opinion of the Company's lawyers, the Directors have reasonable assurance that any pending litigation will not have a material impact on the financial statements.

Assessment in Respect of Value Added Tax

The Company has been issued with assessment notices and refund notices by the Department of Inland Revenue under section 26 of the Value Added Tax Act No. 14 of 2002, for Rs. 18.8 million and Rs. 33.8 million, respectively. In response, the Company has filed appeals for assessment notices and made instructions for refund notices to the Department of Inland Revenue within the stipulated time frame, citing errors in the underlying computations.

The Company is awaiting the hearing of these appeals and the Board of Directors is in the opinion that there is only a remote possibility of an obligation arising.

Assessment in Respect of Income Tax

The Company has been issued with assessment notices and refund notices by the Department of Inland Revenue under section 26 of the Value Added Tax Act No. 14 of 2002, for Rs. 18.8 million and Rs. 33.8 million, respectively. In response, the Company has filed appeals for assessment notices and made instructions for refund notices to the Department of Inland Revenue within the stipulated time frame, citing errors in the underlying computations.

The Company is awaiting the hearing of these appeals and the Board of Directors is in the opinion that there is only a remote possibility of an obligation arising.

Assessment in Respect of Income Tax

The Company has been issued with an assessment notice from the Department of Inland Revenue on 11th June 2018, under section 177(1) of the Inland Revenue Act, No. 10 of 2006, amounting to Rs. 5.8 million. Subsequently, on 24th July 2018, the Company filed an appeal to the Large Entities Default Collection of Inland Revenue Act, No. 10 of 2006. The appeal was lodged on the grounds that the underlying computation contains errors and that payments were erroneously made to incorrect payment codes.

The Company is awaiting the hearing of these appeals and the Board of Directors is in the opinion that there is only a remote possibility of an obligation arising.

Assets pledged

Company has given a negative pledge over the Company's land and building including non-current financial assets, inventories and trade receivable for the following banks over the loans and overdrafts having a carrying value of Rs. 672.6 Mn. as at the year end (2024 - 672.6 Mn.) :

Commercial Bank of Ceylon PLC

National Development Bank PLC

Seylan Bank PLC

Hatton National Bank PLC

29. Events after the reporting date

There were no material events occurred subsequent to the reporting date as at 25th December 2025 that require adjustments to or disclosure in the financial statements other than mentioned below:

(i) Dividend declaration

Directors have proposed a final dividend of Rs. 44/-per share for the year ended 25th December 2025. (2024 - Rs. 36/-), which will be declared at the annual general Meeting to be held on 12th June 2026. In accordance with LKAS 10 Events after the reporting date, this proposed final dividend has not been recognized as a liability as at 25th December 2025.

30. Related parties

30.1 Related party transactions

Related party transactions have been declared at meetings of the Directors by the related party transaction review committee. There had been no related party transaction during the year except for the transaction with Key Management Personnel.

There were no non-recurrent related party transactions which in aggregate value exceeds 10% of the equity or 5% of the total assets whichever is lower of the Company as per audited financial statements.

Note to the Financial Statements (Contd.)

30.2 Key Management Personnel (KMP)

According to Sri Lanka Accounting Standard (LKAS) 24, Related Party Disclosure, Key Management Personnel (KMP) are those having authority and responsibility for planning, directing and controlling the activities of the entity. Accordingly, the Directors (including Executive and Non-Executive Directors) of the Company and their immediate family members have been classified as Key Management Personnel of the Company.

a) Compensation paid to key management personnel

As at 25th December,

	2025 (Rs. '000)	2024 (Rs. '000)
Directors' emoluments	46,517	43,997
Lease rent and allowance	4,575	8,575
Total short-term employee benefits	51,092	52,572
Post-employment benefits	8,901	7,493
Total compensation applicable to KMP	59,993	60,065

No terminal benefit paid for the year ended 25th December 2025 (2024 - Nil).

b) Other transactions with key management personnel

Mr. H. A. D. G. Gunasekera, Director of the Company is also the Managing Director of the Company, has 55.71% of the Company's issued Share Capital at the year end. (2024 - 52.92%)

Directors' have no direct or indirect interest in contracts with the Company other than above.

c) Loans to directors

There were no loans granted to Directors during the year.

31. Comparative information

The Company has consistently applied the accounting policies with those adopted in the previous financial year. The presentation and classification of the financial statements of the previous period have been adjusted, where relevant, for better presentation, including a reclassification during 2025 of administrative expenses to other expenses, selling and distribution expenses to impairment of trade receivables and trade and other receivables to other financial assets to better reflect the nature of the account balance. Accordingly, amounts reclassified in the comparative figures for the year ended 25th December 2024 are as follows:

As at 25th December,

	Amount prior to Reclassification	Reclassification	Reclassified Amount
Profit before tax			
Administrative expenses	(109,547)	9,523	(100,024)
Other expenses	-	(9,523)	(9,523)
Selling and distribution expenses	(33,230)	9,101	(24,129)

Environment Management Approach

Union Chemicals Lanka PLC (UCLL) remains committed to building a sustainable future through innovative research and environmentally responsible solutions. Our focus on fostering a strong culture of innovation has been instrumental in supporting our growth, enhancing our sustainability efforts and maintaining resilience in a challenging economic environment.

By leveraging advanced technology, maintaining high quality standards and emphasizing aesthetic appeal, we continue to develop products that meet the evolving needs of our customers. Despite the current economic challenges, we remain dedicated to integrating sustainable practices across our operations, ensuring we are well-positioned for future opportunities.

Union Chemicals Lanka PLC, “The Winner” in the Chemical, Ceramic and Glass
(Manufacturing) Category at the Best Management Practices Company Awards 2025

Managing Director Gamini Gunasekera receiving the Trophy from the chief guest
Hon. Justice Yasantha Kodagoda - Justice of the Supreme Court of Sri Lanka.

Product Development

Our product development adheres to the principles outlined in ISO 9001:2015 and ISO 14001:2015, reflecting our commitment to quality and environmental responsibility. This year, we continued to incorporate green chemistry principles into our product design, emphasizing eco-friendly solutions.

A notable achievement is the certification of our “U-coat” range of water-based wood coatings under the Eco-Label scheme. These environmentally conscious products are developed in accordance with eco-design principles and have been introduced without additional costs to our customers, reinforcing our dedication to sustainable innovation.

Water

As a company that relies primarily on water as raw material, Union Chemicals Lanka PLC promotes water-based products in replacing solvent-based alternatives in the market. We continuously monitor and manage our water footprint and carbon foot print to ensure responsible usage.

Our efforts include optimizing water consumption in reactor sterilization, gardening and domestic use. Rainwater harvesting system helps collect and utilize water for firefighting and gardening needs, reducing reliance on external sources. Additionally, reusing of wash water has significantly contributed to water conservation.

For the current year, our calculated water footprint stands at 0.9 m³ per metric ton, representing a 16% reduction compared to the previous year. These initiatives underscore our commitment to sustainable water management and environmental responsibility.

Energy

UCLL is in the process of obtaining ISO 50001:2018 new standard, demonstrating its commitment to sustainable energy management. The company is in the process of implementing a comprehensive Energy Management System (EnMS) that aims to enhance energy performance, reduce greenhouse gas emissions, lower energy costs and to mitigate related environmental impacts.

Ensuring the effectiveness of the process the company has developed detailed Standard Operating Procedures (SOPs) and Criteria tailored to all Significant Energy Uses (SEUs), enabling to monitor, measure and for control of energy consumption across the operational facility.

The scope of UCLL's EnMS includes key energy sources such as electricity and diesel, which are integral to our manufacturing operations. A sophisticated data collection infrastructure has been established to facilitate real-time monitoring and analysis. Additionally, systematic processes are in place to identify, assess and address risks and opportunities related to energy performance and sustainability.

Raw Material and Products.

We strategically address the future uncertainties while maintaining our commitment in delivering products with uncompromised quality to our valued customers. Our unwavering focus on excellence supports every aspect of our operation ensuring consistent supply of products that meet the highest standards.

Our focus on raw material efficiency reduces waste and environmental impact while improving cost-effectiveness and operational performance, supporting sustainable growth and environmental responsibility.

UCLL's commitment to sustainability is central to our strategy, ensuring long-term success, stakeholder value and positioning us as a resilient, responsible industry leader.

UCLL's focus on environmental sustainability and integral to our business strategy, ensuring long-term viability, stakeholder value and positioning us as a resilient, responsible industry leader.

CSR

UCLL values strong partnerships with customers, suppliers and the community to foster mutual growth, innovation and societal impact.

UCLL collaborates with local charities in Gallawatta and Ekala area, supporting youth empowerment and education through financial assistance, time and effort to underprivileged children

UCLL also provides internship opportunities. Financial support for students for their higher education. We also engage in community projects by donating paints to religious places and to needy families. Our EHS team conducts safety walk-throughs at partner organizations to identify and reduce workplace risks, ensuring a safer environment for all.
